Good Afternoon Mr. Solet,

I am writing to invite you, or another representative from Secretary Bennett's office to attend ADL's Law Enforcement Advisory Council on **Wednesday, June 29<sup>th</sup>, 7:45-9:00am at ADL, 40 Court Street, Boston, Massachusetts**. Breakfast will be served.

The presentation will discuss the current rise in anti-Muslim incidents, the bigoted rhetoric against the Muslim community, and how anti-Muslim activists are fueling hate.

He will provide an in-depth look at the anti-Muslim movement, its leaders, tactics and activity. His presentation will also explore the role of the internet in promoting an anti-Muslim culture and how ADL and the civil rights community are responding to this threat. The presentation will examine the focus of this hostility on American Muslims. It will also provide participants with an important understanding of aspects that are most relevant to law enforcement's efforts to formulate effective policies related to CVE and outreach.

ADL Amicus Brief - Massachusetts

MMCC Executives - I'm writing to let you know that the Anti-Defamation League (ADL) plans on filing an amicus brief in the next few weeks in support of the Cities of Chelsea and Lawrence in their challenge of the President's Executive Order withholding federal funds from "sanctuary cities." ADL filed amicus briefs in similar cases in [San Francisco](#) and [Santa Clara](#) arguing that the executive order threatens to drive a wedge between law enforcement and immigrant communities and creates an environment in which victims will be afraid to report crimes, including hate crimes. The brief argues that this approach makes all of us less safe. The brief ADL plans to file in Massachusetts will be substantially similar to the briefs filed in California and is being drafted by the law firm, Latham & Watkins.

Any agency that needs more information, or is interested in signing on to ADL's brief in support of the position that blocking this Executive Order is necessary to maintain public safety and uphold community trust, should contact Melissa Garlick, ADL's Northeast Civil Rights Area Counsel at [mgarlick@adl.org](mailto:mgarlick@adl.org) or (617) 406-6363 **before May 1.**

## Security Bulletin

**March 22, 2016**

### Situational Overview

We are deeply saddened and troubled by the terrorist attacks that took place in Belgium, Brussels this morning. Two explosions were set off at the Brussels airport, and one at a subway station. As of this writing, according to Belgian media, more than 30 individuals were killed, and approximately 200 wounded.

One of the airport explosions occurred on the tarmac, and another took place near the American Airlines terminal, which appeared to be a suicide bomber outside the security checkpoint. The subway explosion took place at the Malbeek Metro Station, which is just a couple hundred yards from the European Commission headquarters and less than a mile from the U.S. Embassy.

**ADL has been in touch with federal authorities, and we are not aware of any specific or credible threat against the American Jewish community.** However, vigilance, communication and keen situational awareness are always recommended. It is prudent for

Jewish community organizations to revisit and reassess their security plans, measures and procedures.

We strongly encourage institutions to take the following action steps:

### **ACTION STEPS**

- Connect with local law enforcement to discuss security. If you have not established personal relationships with key police personnel, set up a meeting to do so. If you are not sure who to reach out to, ADL can help connect you with the appropriate personnel.
- Review the [Bomb Threat Guidance](#) provided by the Federal Bureau of Investigation and U.S. Department of Homeland Security.
- Ensure that your institution's rules and procedures dealing with who gets into your facility and events are sufficient and are functioning (access control).
- A facility should have as few entry points as possible (ideally one), so that no one is able to enter your facility without being greeted and observed. Be sure to obey all fire codes and ensure adequate routes for exiting the building.
- Suspicious behavior should be promptly reported to the police or security personnel. See ADL's [Guide to Detecting Surveillance of Jewish Institutions](#).
- Ensure that your staff members, including newly hired personnel, know their role in security and what to do in the event of an emergency.
- Suspicious packages and strange devices should be promptly reported to the police or security personnel. See the [FBI Advisory](#) on what to do if you receive a suspicious letter or package.
- Ensure that existing safety devices (video cameras, lights, walkie talkies, etc.) are in good working condition.
- Refer to the U.S. Department of Homeland Security's guidance on how to respond to an Active Shooter: [DHS Active Shooter Pocket Card](#)
- Refer to ADL's list of [Considerations for Digital and Online Security at Jewish Institutions](#).
- Refer to ADL's list of [18 Best Practices for Jewish Institutional Security](#).
- Trust your instincts. If something strikes you as being out of place or problematic, call the police immediately.

Security is a long-term process that cannot be efficiently or effectively deployed only when there is a bulletin, advisory or alert. It is important to review security procedures on a regular basis and to always be thinking of ways to improve security.

The resources on [ADL's Security Website \(www.adl.org/security\)](http://www.adl.org/security), ADL's security manual [\*Protecting Your Jewish Institution\*](#), and your local ADL regional office are important resources in your security planning. As always, please feel free to contact us for any additional information.

### **ACTION ALERT: Cambridge City Council Hearing on Israel Boycott - Monday, April 23**

On April 23, the Cambridge Massachusetts City Council is expected to consider a resolution that calls for the City “to end its contracts” with Hewlett-Packard (HP) until, according to the organizers, HP “ends their support for violence against and oppression of Palestinians, deportations and surveillance of immigrants in the U.S., and oppression and surveillance of those currently and formerly incarcerated in the U.S.”

This initiative is part of a larger global BDS (boycotts, divestment and sanctions) movement that is, in significant part, dedicated to Israel’s delegitimization as the Jewish state. Groups backing this resolution have offered other justifications for the HP boycott, but it remains clear that this effort is designed primarily to target and delegitimize Israel.

As of today we have not seen a copy of the resolution. The rules of the Cambridge City Council do not require them to publish the resolution until 3:00 pm on Thursday, April 19. While some members of the Council have seen a draft resolution, the proponent organizers have – we are told – shared it with them on the condition that it not be made public. This seems to us to be a cynical effort to prevent an honest and open public debate prior to a significant action by a public body.

**We call upon our community to mobilize and take action.**

**For both residents and non-residents of Cambridge:**

- **Mark your calendar:** Make a commitment to be at Cambridge City Hall on **Monday, April 23 at 5:30 pm** to demonstrate your opposition to this resolution and to testify against it before the City Council. Your presence is important, even if you do not testify.
- **Anyone can testify;** advance online registration is recommended. To receive notification (from us) when the Council's online sign-up is live, and for other updates in the week ahead, write to us at [boston@adl.org](mailto:boston@adl.org).
- **Contact your friends** – especially those in Cambridge. Share this alert and ask them to take action as well.

### If you are a resident of Cambridge:

- **Contact the City Council** and urge them to reject this effort to single out Israel for demonization. Please communicate to them respectfully but firmly and let them know that as someone who is concerned about the city you live in and its public image, this resolution will have implications beyond Hewlett-Packard and, if adopted, would tarnish the reputation of your city. Tell them:
  - The Cambridge City Council should not abdicate its responsibilities to an interest group whose purpose is to demonize Israel. Any resolution of this kind deserves a full and fair public hearing, including inviting experts and interested parties to weigh in openly before action is taken.
  - Singling out Israel and HP, amongst all the nations, companies, and conflicts in the world, and holding them to a unique ethical standard raises troubling issues about the Cambridge City Council. Thousands of American companies are working overseas and engaged in transactions that can be tied to questionable human rights practices; including numerous companies with Cambridge contacts.
  - It would be one thing if the Cambridge City Council elected to adopt a foreign policy that it applied without prejudice to nations and companies around the world. However, in this instance, the Council is overlooking scores of other situations and electing to support dubious and largely unexamined claims against Israel made by an outside organization.
  - The BDS movement is detrimental to achieving peace. The establishment of a Palestinian state is a goal we share, but will not be realized by extreme and deceptive claims that belie the hard reality on the ground. There are many people of goodwill, who are working to bridge the divide between Israelis and Palestinians. Boycotts, like the one under consideration, undermine these

peacemakers, fuel polarization, and strengthen the hands of those who reject co-existence.

**Now is the time to make your voice heard.**

We cannot underscore how important it is the members of the Cambridge City Council hear from our community about this. Together we can send the message: This action would be wrong for Cambridge and does not advance the prospects for achieving a lasting peace.

**Subject:** ADL Israel Trip Departure Logistics

Dear Fellow Israel Travelers,

We hope everyone is getting excited for our upcoming trip to Israel. Our time on the ground will be full of police and intelligence briefings, site visits, and touring of the major religious sites throughout the country. The detailed itinerary will be distributed upon our arrival.

Everyone should have received an email with your electronic ticket. **If you did not receive your ticket, please let Talia know ASAP.** Flying time is about 10 hours so dress comfortably and bring noise cancelling headphones and/or a neck pillow if you have them. The flight is currently full. You might also want rent – in advance – a few movies on a tablet/computer for the flight as well. EL AL flights have a digital streaming entertainment system that they call [Dream Stream](#). Essentially using a tablet, phone or computer you can watch movies, TV shows etc. It works best with a tablet. However, **you must [download the app](#)** before you board the plane.

The trip includes a visit to the Western Wall where there is a long tradition of [placing notes](#) which serve as a message or prayer to God. Robert's children often write a note that he brings with him in a ziplock bag and then leaves the notes at the wall during the visit. People of all faiths do this – it is by no means exclusive to Jews. We only raise this in case you are interested in this tradition and want to include participation from your family. It's best if you use very small pieces of paper that are folded tightly. We will discuss the tradition in greater detail when we tour the area.

American dollars are widely accepted and ATM's are on every corner just as they are in the US. It is easy to obtain Israeli currency directly from an ATM. Please check with your cell phone carrier to be sure you will have international voice and data. [WhatsApp](#) is an excellent smartphone app that allows you to text and make calls for free over the internet. Israel is 7 hours ahead of Boston. All of the hotels have internet, gyms, and business centers and the bus we will travel on has Wi-Fi.

We will provide everyone with some articles to read on the plane but as the trip draws closer you might considering checking out [The Times of Israel](#) which is a free online English newspaper. It is a good unbiased source to get a sense of what is happening on the ground.

Please plan to arrive at Logan Airport at **6 PM on Sunday, December 4<sup>th</sup>**. We will meet at the [EL AL](#) check in counter in Terminal E. We have been in contact with [EL AL](#) security and they are expecting us which should make check in easier. You can check in but please do not proceed past security without checking with us first. We should proceed together once everyone has checked their bags and been cleared by EL AL security. We will gather for a short briefing before we board the flight.

We arrive at 2:45 PM on Monday and will be met by Reuven Solomon, our English speaking guide and our ADL colleagues who live in Israel. Reuven has lead every law enforcement trip and is among the country's top guides. From the airport we will go directly to the [Carlton Hotel](#) in Tel Aviv where there will be an opportunity to rest and/or take a walk or run along the Mediterranean before our opening dinner. The [hotel](#) is directly on the beach.

Though we do not expect snow, it is still fall, so bring along a fleece and light weight rain jacket. We have also found that a pair of water proof sneakers are ideal given the sometimes unpredictable weather and amount of walking we typically do. Please check the weather in [Tel Aviv](#), [Jerusalem](#), and [Tiberius](#).

Additionally, we wanted to make you aware of an organization called Jewish Voice for Peace (JVP), which seeks to demonstrate Jewish opposition to the State of Israel and to steer public support away from the Jewish State. See more, [here](#). JVP's campaign, "Deadly Exchange," is their latest project, a propaganda campaign that asserts that joint training and exchange programs between American and Israeli law enforcement agencies are responsible for rising levels of police brutality and racism against minorities in the U.S. To quote their website, in such law enforcement exchange programs, "'worst practices' are shared to promote and extend discriminatory and repressive policing in both countries including extrajudicial executions, shoot-to-kill policies, police murders, racial profiling, massive spying and surveillance, deportation and detention, and attacks on human rights defenders." We would like you to be aware of this, should they reach out to you. Please let us know if you need any additional information.

If you have any questions or concerns or are running late on your way to the airport, please call Talia on her mobile number [REDACTED]. We are looking forward to seeing each of you next Sunday.

**Subject:** ADL Trip to Israel - Important Information

Good Afternoon,

Welcome to the 2017 New England Counter Terrorism Seminar in Israel. We are a strong delegation and we are honored to be traveling with each of you. Our departure for Israel is just under one month away and we have some additional details to share with everyone:

**Flight Information:**

- 1) We will meet at the [El Al](#) check in counter at Logan Airport Terminal E on Sunday, December 3<sup>rd</sup> at 6:00 PM. Please do not proceed past security before checking in with me. We are on a non-stop flight departing at 9 PM and the flight usually boards 1 hour before it leaves. El Al has its own security procedures which sometimes add time to the check in process. If you are running late, please call Talia – her cellphone is [REDACTED].
- 2) The flight from Boston to Tel Aviv is about 10 hours, so dress comfortably and consider a pair of noise cancelling headphones. The aircraft we are traveling on has [entertainment](#) but does not have individual screens in the seat backs. They do have a digital streaming entertainment system that they call [Dream Stream](#). Essentially using a tablet, phone or computer you can watch movies, TV shows etc. It works best with a tablet. However, you must [download the app](#) before you board the plane. We strongly recommend you download the app and make sure your device is fully charged. You can find the app in both the Google and Apple App stores.
- 3) As a reminder, if you are traveling on a “red” US Government passport, you will require a visa to enter Israel. Americans traveling on personal “blue” passports do not require a visa. If you need help connecting with the Israeli Consulate please contact Talia.

### **Preparing for the trip:**

- 4) If you have not sent us your bio and head shot, please send it in. We need a bio from everyone. Jake will be following up with everyone next week.
- 5) Israel is 7 hours ahead of Boston.
- 6) Attached is a participant list, hotel contact information with corresponding dates, and a suggested packing list. Israel is an informal country so there is no need for suits or ties. In addition to the items noted, I suggest a pair of 511's and waterproof sneakers. Hopefully, we will not encounter any rain, but the weather in December is sometimes unpredictable. Other important items include sun glasses and a light fleece jacket - windproof is ideal.
- 7) Contact your mobile phone provider to verify that your phone will work in Israel. Virtually all American smartphones work in Israel seamlessly but sometimes the provider needs to know in advance of your travel plans. It can be expensive if you don't sign up for a plan in advance.
- 8) ATM's are as abundant in Israel as they are in America and there is no need to change money in advance. Most places and shops take US currency and credit cards.
- 9) Please bring patches, pins, challenge coins and caps for the Israel Police (it is very likely they will have the same for you).
- 10) We do not release a detailed itinerary before we travel since many meetings and visits are subject to change based on schedules and changing circumstances on the ground. However, here are a few details to help you prepare:
  - a. Our first night is in Tel Aviv and the hotel is about 40 minutes from the airport.
  - b. Each person will have their own room. The hotels have internet service and gyms, and are in locations conducive and safe for running.
  - c. We have one of Israel's best guides, Reuven Solomon, who has extensive experience with law enforcement and has served as the guide for this trip since 2008.
  - d. The trip will include a training component as well as touring including the critical religious sites.
  - e. ADL maintains an office in Jerusalem which coordinates all of the logistics and meetings and some of our staff will join parts of the trip.
- 11) If there are sites or places that you know you want to visit please let us know and we will do my best to make that happen. If you have contacts, friends, or colleagues in Israel and want to see them, please let us know. We will have

law enforcement guests at some of the dinners and we can always accommodate a couple of additional colleagues or friends.

We will send out another email with more details on what to expect upon arrival in the next week or so. Please do not hesitate to call Talia with any questions or concerns. We are looking forward to traveling with each of you next month.

**Subject:** ADL Trip to Israel - Airline tickets

Good afternoon,

Welcome again to the 2017 New England Counter Terrorism Seminar. We wanted to let you know that airline tickets are being issued this week. Next week, Jake will email each of you an electronic ticket, and you can manage your reservation online using the confirmation number. The flights are eligible for frequent flier credit on [El Al](#) or its partner airlines.

We will do our best to get everyone aisle seats but you also have the ability to change your seat online [once your ticket has been issued](#).

El Al has an [upgrade system](#) in place that allows you to be placed on a list and pay for an exit row or bulkhead seat. You can do this directly from the airline website (Note: the [El Al](#) website is confusing and not as user friendly as you may be accustomed to).

There are also a limited number of premium seats, which cost around \$150 extra each way. If you would like one of these premium seats, please call Jodie Swider at 781-707-2651 (after your ticket has been issued), tell her you are with the ADL New England group and she will do her best to upgrade you. You will be responsible for the added charge.

It is imperative that your name on your ticket match your passport. If the name you registered under does not match your passport for any reason, please let us know immediately so we can issue a correct airline ticket.

In addition, if you have not yet sent us your bio and head shot, please send them to Jake Stuckey at [jstuckey@adl.org](mailto:jstuckey@adl.org).

As always, if you have any questions or concerns, please don't hesitate to contact us.

Looking forward,

Robert and Talia

**Subject:** ADL Trip to Israel - Logistics

Good afternoon,

Welcome to the ADL New England Counter Terrorism Seminar in Israel. Although we are not leaving until December, we wanted to provide a couple of updates regarding our trip.

- 1) There will be approximately 15 law enforcement professionals in our group. We are in the process of finalizing the group and will send out a complete list of participants in the next couple of weeks.
- 2) Our trip begins in Boston at Logan Airport. Please plan to arrive at 6:00 PM. We will meet at the El Al ticket counter in Terminal E.

Sunday December 3 <sup>rd</sup> (Monday, December 4 <sup>th</sup> )	El Al #016	Depart Boston 9:00 PM	Arrive Tel Aviv 2:55 PM
Tuesday, December 12 <sup>th</sup> (Tuesday, December 12 <sup>th</sup> )	El Al #017	Depart Tel Aviv 12:05 AM	Arrive Boston 5:30 AM

On the return flight we depart after midnight on December 12<sup>th</sup> and arrive home the same day. We will have hotel rooms in Tel Aviv on the day of departure from Israel. A detailed itinerary will not be available until closer to our departure date. It is a long flight and we have found that a good pair of noise cancelling headphones can ease the journey.

- 3) If you have any seating, meal, or frequent flier requests, please let me know. We request aisle seats for everyone. The airline tickets will be issued at the beginning of November and we will send everyone an electronic ticket.
- 4) All expenses will be covered by ADL, including airfare from Boston to Tel Aviv, all hotels, meals, tours, guides, and admission costs at museums.
- 5) Airline tickets, packing list and hotel information will be sent out in the next month or so. One item to think about now is patches, pins and caps for the Israel Police (it is very likely they will have the same for you).
- 6) We compile a short bio book on the participants as way to help everyone get to know one another and we also share it with the Israel National Police in advance. Please send a bio and head shot to Robert's assistant Jake Stuckey at [jstuckey@adl.org](mailto:jstuckey@adl.org).
- 7) If you are in the process of renewing your passport, please provide Talia with the details once you have it. This information is required to clear all security issues in advance. If you are traveling on a red government passport, please let us know as you may need to obtain a visa. There is no visa requirement for "blue" American passports.
- 8) Please feel free to contact us should you have any questions or concerns. In addition, if you would like your executive assistant to be copied on email correspondence, please let us know.

We look forward to travelling with each of you.

Best,

Robert and Talia

Dear Chief Kyes:

The Anti-Defamation League (ADL) is pleased to provide you with the dates on which the Jewish High Holidays will fall this year. These holidays are among the most holy in the Jewish religion and their prayer services are among the most widely attended of all the Jewish holidays of the year.

**You may wish to draw special attention of patrols to synagogues and Jewish institutions at these times:**

- **Rosh Hashanah** (the Jewish New Year) will begin at sundown on **Sunday, October 2<sup>nd</sup>** and last until **sundown Tuesday, October 4<sup>th</sup>**.
- **Yom Kippur** (the Day of Atonement) will begin at sundown on **Tuesday, October 11<sup>th</sup>** and last until **sundown Wednesday, October 12<sup>th</sup>**.

While Rosh Hashanah and Yom Kippur are the most widely attended Jewish holidays of the year, Sukkot, Shemini Atzeret, and Simchat Torah, which take place from October 16<sup>th</sup> to October 25<sup>th</sup>, also may attract a higher number of worshippers. It is also worth noting that the traditional huts built outdoors during the festival of Sukkot may be a target for vandalism.

ADL was founded in 1913 to stop anti-Semitism and all forms of hate. ADL works closely with federal, state and local law enforcement across the country to fight hate crimes, extremism, and terrorism, and to protect the Jewish community and all citizens alike.

Please do not hesitate to contact me with any questions or concerns. We appreciate your efforts and commitment to keeping our community safe.

Sincerely,

Robert

Dear Members of ADL's Law Enforcement Advisory Council,

We would like to share some information with you about the next session of the Anti-Defamation League's Advanced Training School™ course on Extremist and Terrorist Threats, which will take place from December 4-6, 2016 in Washington, DC. The Advanced Training School (ATS™) is recognized as one of the premier counter-terrorism trainings in the country. ATS provides senior level law enforcement professionals with state-of-the-art training, information, resources and contacts to increase their capabilities in combating domestic and international extremist and terrorist threats. The training is designed to provide law enforcement executives and commanders with practical and useful information which may be used to prevent, investigate and respond to incidents and threats. Launched in January 2003, ATS has now trained more than 1,000 senior level law enforcement personnel, representing 250 different agencies from across the country. You will find more information about the training attached.

Candidates must be senior level law enforcement who oversee special operations, intelligence, counterterrorism, homeland security, or related areas. A maximum of thirty-five (35) law enforcement professionals will be accepted. Due to demand, the Anti-Defamation League (ADL) is not able to accept more than one person from any agency per ATS session.

**Completed applications must be received by Friday, October 7. [Click here to apply.](#)**

**The Anti-Defamation League will be responsible for expenses related to participation in the training, including hotel accommodations and meals for the duration of the training.** Participants will be responsible for their transportation to and from Washington, DC.

The Anti-Defamation League, founded in 1913, is the nation's foremost non-governmental authority on domestic terrorism and extremism, and organized hate groups and hate crimes. ADL works in close partnership with federal, state, local, and military law enforcement agencies and is recognized as a leader in the development of innovative training. Headquartered in New York City, the League has a staff of more than 300 and a network of 27 regional and satellite offices in the United States and abroad.

Dear Law Enforcement Friends,

Many of you know of my personal commitment to policing in Massachusetts and ADL's gratitude for your service and sacrifice to keep us safe, which is why I wanted to reach out to you individually about an email you may have received or heard about supporting police reform.

ADL is part of a coalition supporting many aspects of police reform, particularly, implementation of POST. I recognize that the language and inferences in our email were offensive to many of you and the people who serve under you. I take responsibility for this and apologize. It was not intended to be an indictment against the profession or any officer/dept/agency.

I am grateful to the many Chiefs who reached out to me directly, expressing their profound disappointment. One Chief described how they felt "abandoned" by ADL, while another explained how the language perpetuated an inaccurate narrative. I want to be clear that we are not abandoning Massachusetts law enforcement and consider you to be invaluable partners and a linchpin to American democracy.

In the past three months, ADL has hired two former FBI ASAC's to assist with our law enforcement initiatives. They bring decades of on the job experience and expertise. We have also updated our hate crime and extremism training programs/modules which are available to all Massachusetts police agencies.

I am available to discuss this in greater detail offline, but want to express my deep appreciation for your commitment. ADL's working relationship with law enforcement dates back decades and we look forward to partnering in the years and decades ahead.

Dear Law Enforcement Colleagues,

Due to increasing concerns about the Coronavirus (COVID-19) we are postponing the upcoming Law Enforcement Advisory Committee meeting that was scheduled for **Wednesday, March 25, 2020**. We will be in touch when we are able to reschedule the session.

We do however invite you to join us for a special **Webinar Briefing** on ADL's recently released report ***Murder and Extremism in the United States in 2019*** and we encourage you to also extend this invitation to appropriate leaders within your agency.

### Wednesday, March 18, 2020

**11:00 am-12:00 pm Eastern**

**10:00-11:00 am Central**

**9:00-10:00 am Mountain**

**8:00-9:00 am Pacific**

This briefing from ADL's Center on Extremism will provide highlights and insights from ADL's recently released report [\*Murder and Extremism in the United States in 2019\*](#). Among the key findings of the report is that right-wing extremists were responsible for the vast majority of extremist-related murders last year, with the El Paso shooting capping off a bloody decade during which the far right was responsible for a significant majority of all extremist-related murders. The level of violence was so high that the past five years (2015-2019) include four of the deadliest years on record for extremist murders. Much of this increased lethality has been driven by a rise in extremist related mass-shootings.

Please [click here](#) to register for this session in advance. After registering, you will receive a confirmation email containing information about joining the webinar.

This webinar is for law enforcement only and is closed to media and members of the press.

## Charlottesville and Our Response to Hate

Dear Friend,

ADL is tirelessly working in the aftermath of tragedy in Charlottesville. [Join us](#) in this fight.

### We need a plan from the White House to Combat White Supremacy and Extremism

President Trump should work with leaders in Congress to execute a plan to combat white supremacy and all forms of hate and stop the threat of more violence. Here are our ideas:

1

Directing the Department of Justice and the FBI to ensure all law enforcement is trained on how to deal with hate and extremists.

2

Tasking the Department of Education to prioritize anti-bias, anti-hate content in schools across America, and reattach the value of pluralism.

3

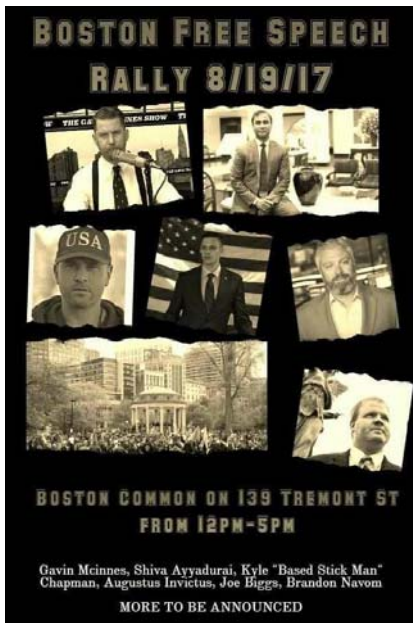

Engaging the Department of Homeland Security to re-up the Counter Violent Extremism grant program, which was defunded in the recent budget.

Hi Rahsaan, Xavier, Mason, Rob, Jack, and Stan,

I hope you are all doing well. I am looking forward to seeing some of you at our meeting on Monday next week.

I am emailing to check in about the sections of the curriculum you are working on. I have received curriculum outlines from some of you, which look great. I know we have had quite a long break since our last meeting, and I completely understand if you have not been able to devote additional time to curriculum development since then.

Just to recap, the assignments are:

- Rahsaan Hall: module on race
- Xavier Quinn and Mason Dunn: module on LGBTQ identities
- Robert Trestan: module on religion
- Jack McDevitt: module on immigrant communities
- Stan Eichner: module on disability

### **In advance of our meeting on Monday, please let me know:**

- a) the current status of your assigned module;
- b) what, if anything, you expect to be able to present at our meeting next week (or to send to me in advance of the meeting if you will not be able to attend);
- c) whether, going forward, you would be interested in working with a Harvard Law student with specialized knowledge or expertise in the areas in which you have been assigned to flesh out the module based on the outlines you have developed or plan to develop.

\*I can put out a call for applications (resumes and statements of interest) from Lambda (the LGBTQ group on campus), the Black Law Students Association, the Muslim Law Students Association, Supero (the student group focused on disability), the Harvard Immigration and Refugee Clinic, and any other student group you think might be helpful to you. **(Please do not feel any pressure to utilize this option; I am offering it in case you could use some additional support to meet your research needs.)**

**I would also like to open this thread as an opportunity to share what you are working on with one another so that we can coordinate as much as possible. Please reply to all when you respond and include any relevant attachments.**

Please let me know if you have any questions. Thank you all for your work and your patience with this project. I am excited to get back on track, and I look forward to hearing from you all!

Hi everyone,

Thank you so much for your patience. Please find attached the minutes from the first meeting of the Diversity Awareness Program Task Force meeting last week. Certainly free to email me if you think I missed or misstated something. Please also welcome Stan Eichner from the Disability Law Center to the Task Force. Stan will be available to consult remotely for intersectionality-related questions and will focus on developing content for a small section on people living with disabilities. Stan's contact information is below:

Phone: 617-723-8455, ext 153  
Email: seichner@dlc-ma.org

In the original memorandum I sent out, I requested that people send in completed materials a week before the next meeting, which would be Friday November 6. Are people still comfortable with that arrangement or would more time be preferable?

You should all feel free to structure how you collaborate, but I have been looking into online tools such as Google Docs, Slack, etc., which might be helpful to facilitate discussions and share documents. Would people be interested in working off of a centralized program or prefer to communicate separately with other subcommittee members?

I look forward to hearing from you all. Please let me know if you have any questions. Thank you so much again for your patience and assistance.

Subject: RE: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

I hope you are all doing well! I have heard back from an attorney the Division of Open Government at the Attorney General's Office who confirmed that the task force deliberations are not subject to the Massachusetts Open Meeting Law as the task force does not meet the statute's definition of a "public body." We may all proceed to complete the tasks we took on at the meeting and deliberate without any restrictions. Thank you all so much for your patience on this.

I apologize for not sending out the minutes yet. I am working to make them as comprehensive as possible since we are adding some additional members to the task force. I will get them out to you all by tomorrow. Please let me know if you have any questions. Thank you!

Subject: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

It was so great to meet you all. Thank you so much for your time and contributions today. Our next meeting is scheduled for November 13, 2015 from 11:00 a.m. to 12:30 p.m. I am working on completing the minutes from today and will email them out by Tuesday of next week.

A question was raised after the completion of our meeting about whether the Diversity Awareness Program Task Force meetings are subject to the Massachusetts Open Meeting Law (OML). In our initial discussions about the task force, we did not believe that they would be. We now think that it is possible they are. I have been in touch with an attorney at the Division of Open Government at the Office of the Attorney General who will get back to me next week with a decision on this matter. I will share that with you all as soon as I receive it.

I am sharing this with you now because the OML restricts deliberation over email or outside of meetings, which is a critical component of how we have structured the task force. Additionally, under the OML, all task force meetings including subcommittee meetings would be subject to a range of requirements. I know several of you have already begun dividing up tasks. You may begin working on those tasks individually, but until further notice you should not deliberate with one another. I sincerely apologize for the inconvenience, and I will promptly inform you all of the outcome.

Please let me know if you have any questions about this or anything else. Thank you all so much again for your contributions to this project. Have a great weekend.

Best regards,

Rebecca Harris

Subject: Scheduling the first meeting of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders

Good afternoon members of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders,

I hope you are all doing well. I apologize for the difficulty scheduling our first meeting over these past few weeks. I know many of you were on vacation, and I hope you all enjoyed. I believe you are all back now, and I look forward to getting started.

A number of you have requested more detailed information about the expected time commitment for Task Force members. Please find attached a detailed memorandum outlining the expected commitment for Task Force members. I have worked to streamline the curriculum development process as much as possible; I am asking for all members to attend three meetings and to complete curriculum development work in between each meeting. I expect that most of you will complete the majority of this work in between the first and second meeting. Anyone who is available to take on more work beyond what is laid out in the memorandum is certainly invited to do so! Please let me know if you have any questions or concerns about this plan.

I would like to get to work scheduling our first meeting now that everyone is back. I have created a new doodle poll to facilitate scheduling this meeting. I apologize to those of you who took the time to fill out the first doodle poll I sent out. I included a range of dates and times over the course of the next month, and I hope that at least one will work for everyone. Please complete the poll by Monday, September 14. It should not take more than five minutes. Here is the link to the poll:

Dear Law Enforcement Colleagues,

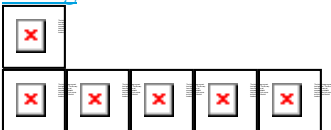

We are providing to our Law Enforcement community the attached Alert on the emergence of the Boogaloo movement (Boogaloo Bois). The Boogaloo movement is an anti-government movement that advocates for a violent uprising and targets government and law enforcement. It has been moving into the mainstream in recent months and is expanding its social media presence. This Alert contains ADL's insights on this movement, which has been active in the anti-lockdown protests at many state capitols.

We hope you find this informative. As always, feel free to contact us if you have any questions.

Dear Friend,

In the past year, we have [tracked and responded to an astounding increase in anti-Semitic incidents](#) throughout New England, all in our backyards!

Across college campuses in New England, anti-Semitic incidents have doubled since last year. The numbers are remarkable - we have not seen a resurgence of anti-Semitism of this magnitude in years, and from the reports this year, no local community is immune.

The good news is that ADL has [educational programs in place](#), ready to deploy at area schools. But the cost is great:

- \* Training programs in one new school cost \$6,500.
- \* The continued maintenance of a single existing program for training students and teachers costs \$2,800.

**That is why we are asking for your help in standing up to anti-Semitism and hate by [making a contribution to ADL New England today](#).**

Dear Friend,

Our newly released [Audit of Anti-Semitic Incidents reveals](#) a massive increase in harassment of Jews in the United States. Massachusetts experienced the fifth-highest number of incidents in the nation in 2016, with numbers jumping dramatically from 2015 to 2016. Anti-Semitic incidents in the New England region increased by 139% in 2016. *(See below for further detail on these startling statistics).*

What's particularly disturbing is the doubling of anti-Semitic bullying and vandalism at K-12 schools. In New England, the demand for our anti-bias programming is unprecedented. **Subject:** Scheduling the first meeting of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders

Good afternoon members of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders,

I hope you are all doing well. I apologize for the difficulty scheduling our first meeting over these past few weeks. I know many of you were on vacation, and I hope you all enjoyed. I believe you are all back now, and I look forward to getting started.

A number of you have requested more detailed information about the expected time commitment for Task Force members. Please find attached a detailed memorandum outlining the expected commitment for Task Force members. I have worked to streamline the curriculum development process as much as possible; I am asking for all members to

attend three meetings and to complete curriculum development work in between each meeting. I expect that most of you will complete the majority of this work in between the first and second meeting. Anyone who is available to take on more work beyond what is laid out in the memorandum is certainly invited to do so! Please let me know if you have any questions or concerns about this plan.

I would like to get to work scheduling our first meeting now that everyone is back. I have created a new doodle poll to facilitate scheduling this meeting. I apologize to those of you who took the time to fill out the first doodle poll I sent out. I included a range of dates and times over the course of the next month, and I hope that at least one will work for everyone. **Please complete the poll by Monday, September 14.** It should not take more than five minutes. Here is the link to the poll:

Please let me know if you have any questions or concerns. If you need to reach me by phone, please call me on my cell phone at [REDACTED]. Thank you all so much for your time and your patience with this process. I am looking forward to working with you all!

Dear Rob and Mitch,

**I would like to introduce you to one another via email. Mitch – Rob is an attorney and a longtime civil rights advocate and the director of the New England Regional Office of the Anti-Defamation League. Rob – Mitch is the Executive Director at Common Purpose and has many years of experience facilitating batter intervention programs for abusive men who have gone through the criminal justice system. I really appreciate both of you agreeing to serve on the task force to review and revise the curriculum developed in 2000 for the Diversity Awareness Program mandated for hate crime offenders convicted under M.G.L. c. 265, §39.**

I converted the PDF of the curriculum to a word document to allow for an easier editing and commenting process. I had to reformat and edit it quite a bit to get it into good enough shape to work on substantive edits, so I apologize for the delay. That general editing process will need some further work, but editing the content is the current priority for this project at this time. **I have attached the document to this email for your review. I wrote in several comments and questions about issues I noticed myself, but the curriculum will need a comprehensive review beyond the issues I have identified.**

**Mitch – Rob will be away for the next couple of weeks. We discussed setting up a meeting in person on Friday, July 24, 2015. Would this work for you?**

**In the meantime, it would be great if you could both look at the curriculum and come up with your own impressions and suggestions. I will continue to work on identifying and reaching out to people to join this project and will keep you informed of any updates on that front. I am also working on compiling some additional resources that might be helpful for reference.** I believe the ADL and Facing History and Ourselves have curricula that will be helpful to use for reference, especially to identify useful supplemental materials. I have also reached out to a professor at Northeastern who has conducted research on similar programs that were offered in the past in other states (my understanding is that these programs are not currently active). I hope he will have some other resources that will be helpful. He may also be someone to include on the task force.

**I wanted to provide some more information on the project as a whole because the curriculum is just a piece of what I am working on right now. I am sharing this information for your own interest, but you may find it helpful in thinking about the curriculum.**

I became interested in this project through my work as victim witness advocate at the Suffolk County District Attorney's Office, where I worked for almost 5 years prior to starting law school this past fall. The Diversity Awareness Program is currently mandated for offenders convicted under M.G.L. c. 265, §39 but has not been implemented. The statute states:

*"A person convicted under the provisions of this section shall complete a diversity awareness program designed by the secretary of the executive office of public safety in consultation with the Massachusetts commission against discrimination and approved by the chief justice of the trial court. A person so convicted shall complete such program*

*prior to release from incarceration or prior to completion of the terms of probation, whichever is applicable.” M.G.L. c. 265, §39 (2012).*

EOPSS and MCAD developed a curriculum in 2001 which was approved by the Chief Justice of the Trial Court, but the program was never implemented. In addition to working with experts in the community to revise the curriculum, I am also proposing a number of changes to M.G.L. c. 265, §39: for the program to be available to defendants only while serving probation sentences (logistically it will not be possible to offer the program to incarcerated offenders), to designate an agency responsible for enforcement (hopefully probation), and to incorporate a functional funding mechanism. I am also proposing to add a provision under M.G.L. c. 265, §37 (the more general civil rights violation statute) stating that defendants convicted of under the provisions of this section *may* be sentenced to complete the program. (This provision is used in a variety of contexts including hate crimes.)

I am currently working on sorting out the program logistics. In order to determine how to structure the program, I have requested information from the DAs offices in Massachusetts to gather more information about the potential participants and identify the primary areas in which these crimes occur. **I have broken down the Massachusetts State Police Hate Crime Statistics to identify the breakdown of bias type among these crimes, and I have attached this data for your review. I think it will be important to divide up the curriculum to account for the percentage breakdown. I will be further reviewing the Massachusetts State Police Hate Crime Statistics to breakdown these crimes by area in addition to the information I have requested and will review from the DAs offices. To start out, we will likely pilot the program in one or two locations in Massachusetts which will be selected based on the data. I expect to have more information about this in the next two weeks or so, and I will keep you updated.**

Finally, I am working on sorting out funding for this program, which is the most challenging piece of this project. The statute requires convicted offenders to pay \$100 towards a fund for the program. The designated fund for this program was dismantled in 2003. (I do not believe judges are still fining convicted offenders, and if they are, the money would go to the General Fund.) The changes I hope to make to the statute (mentioned above) would only have an effect in the future. We would need funding for the first year of the program at the very least. I hope to have more information about this in the next few weeks as well.

Please let me know if you have any questions or would like any additional information. I can't thank you both enough for your willingness to work on this project. I am really grateful for your help and looking forward to working with you both.

STATE HOUSE NEWS SERVICE

STATE HOUSE, BOSTON, MAY 15, 2019.....One of the Baker administration's senior public safety officials, who has worked on everything from the opioid crisis to impaired driving, was nominated by Gov. Charlie Baker for a judgeship on Wednesday.

Law Enforcement Undersecretary Jennifer Queally and Maj. Gen. Gary Keefe, the adjutant general, walked up the State House front steps at Gov. Charlie Baker's second term inauguration in 2019. [Photo: Sam Doran/SHNS]

The nomination of Jennifer Queally, undersecretary for law enforcement in the Executive Office of Public Safety and Security, for a circuit judgeship at the District Court was one of two new judicial nominations made by the governor.

Dorchester attorney Michael Doolin, a criminal defense lawyer who has tried over 25 murder cases, was also nominated to the Superior Court.

The Governor's Council met Wednesday afternoon when they scheduled hearings for both new nominees in the coming weeks. The council also unanimously confirmed two of Baker's pending nominees, appointing James Haddad to the Gardner District Court bench and making Jennifer Allen the newest Suffolk County Probate Court judge.

The votes for both Haddad and Allen were 7-0. Councilor Eileen Duff was absent.

Haddad has been of counsel at the Worcester firm Glickman, Sugarman, Kneeland and Gribouski since 2003 and a special prosecutor in Worcester District Attorney Joseph Early's office since 2016. He has defended the MBTA and Massachusetts Bay Commuter Rail against allegations of "negligence, civil rights and wrongful retention claims, as well as other theories of liability" 31 times, according to his resume.

Allen, an Ashland solo practitioner who serves on the Metrowest Legal Services board of directors, has practiced a lot of family law handling many divorces, custody cases, alimony, guardianship claims, and restraining orders, and until 2017 was a partner in Ashland firm Catanzaro and Allen.

Queally, who joined the administration at the start of Baker's first term in 2015, previously worked as an assistant district attorney in both Middlesex and Worcester counties, prosecuting over 100 bench and jury trials.

Her nomination to join the District Court bench comes not long after Baker tapped his deputy legal counsel and the executive director of the Judicial Nominating Commission Sharon Casey for a clerk magistrate post in Cambridge.

As undersecretary for law enforcement, Queally wrote in her resume that she provided strategic leadership for office of grants and research, the Municipal Police Training Committee and the Massachusetts State Police.

She has also testified at numerous legislative hearings on behalf of the administration and sat on multiple special commissions, including groups that worked with the Council of State Governments to develop criminal justice reform recommendations and another that focused on impaired driving after the legalization of marijuana.

Queally graduated from Vanderbilt University and earned her law degree from Boston College. She lives in Weston.

Doolin is also a Boston College graduate, though he spent his undergraduate years in Chestnut Hill before earning his law degree from New England School of Law and going to work for two years as a prosecutor in the Suffolk County District Attorney's office.

He then went into private practice in Dorchester, and has tried cases in the state District Courts and Superior Courts, as well as U.S. District Court. In 1995, Doolin was added to the state's list of public defenders qualified to handle murder cases.

Queally will go before the Governor's Council for questions on May 29 at 9 a.m., while Doolin will have to wait until June 5 at 11 a.m. for his turn with councilors.

Dear Friend,

Since the election, our region, and the entire country, has experienced an unprecedented spike in acts of anti-Semitism and hatred. People of all backgrounds have been targeted. No one group has been immune.

**Now More Than Ever**, we are reminded that the work of the Anti-Defamation League - of relentlessly fighting against anti-Semitism, racism and bigotry in defense of civil liberties, is more important than ever.

That is why I am asking for your [support today](#).

The New England Anti-Defamation League has been inundated with calls from the public, and from educators, legislators, and media alike, asking for guidance. The demand to implement our **Education Programs** across New England has more than doubled.

ADL New England is, and has always been, the first responder to acts of hate and bigotry in our area. We must continue to respond and engage. We must proactively educate students, local officials and law enforcement on ways to head off incidents before they occur.

Now More Than Ever, ADL needs your support. We cannot do this without you.

## A Message from Regional Director, Robert Trestan

Dear ADL Community,

The events of Charlottesville, VA have shaken us to the core. In the face of such hate it is more important than ever that we come together and take a stand against bigotry and intolerance. Throughout the week, ADL New England has been working with a coalition of community and interfaith partners, taking a part in meetings and events in the wake of the racist and anti-Semitic incitement and violence in Charlottesville and its impact on our community.

We know that the "Free Speech" rally planned for Boston Common on this Saturday, August 19, is sparking considerable anxiety, largely due to the devastating outcome of the "Unite the Right" event in Charlottesville. ADL has been in close contact with the Mayor, local law enforcement and community leaders, to prepare for the rally. You can learn more about the groups and individuals connected to this event in this [new blog post](#) published by ADL's Center on Extremism.

In response to this week's events, we invite you to join us and other members of the community tomorrow evening, **Friday, August 18, at 5 PM at Temple Israel of Boston** (477 Longwood Ave, Boston, MA 02215) to come together and send a message of unity and diversity in the face of hate. Organized by the Greater Boston Interfaith Organization,

this gathering of Unity, Love, and Strength will feature inspiring words from faith leaders across Greater Boston. At 6 pm, following this program, Temple Israel has invited the entire community to join them for “A Sabbath of Love and Light,” a Shabbat worship experience open to all, devoted to the values of justice and compassion.

Please share this invitation with your family and friends. Whatever else you choose to do this weekend, we hope you will make it a high priority to join us on Friday evening.

In addition, we encourage you to [sign this ADL petition](#) to be part of our online effort promoting unity in the face of extremists' hostility and anger.

Wishing us all a Shabbat of unity and peace,

Robert Trestan

Dear Friend,

ADL has tracked and responded to a surge in incidents of hate and discrimination in New England in 2017. In Massachusetts, communities stretching from Cambridge to Marblehead to Framingham to Williamstown have experienced bigotry firsthand. In Boston, the Holocaust Memorial was vandalized for a second time this past summer.

The recent events in Charlottesville, Virginia serve as a chilling reminder of the hatred, anti-Semitism, and bigotry that exists in the United States. We at the Anti-Defamation League (ADL) are witnessing an unprecedented “mainstreaming” of hate and discrimination in our communities. The work of ADL is needed **now more than ever** as we fulfill our mission to stop the defamation of the Jewish people and to secure justice and fair treatment for all.

**WE PROVIDE A VOICE AND SERVE AS THE “911” FOR THE AMERICAN JEWISH COMMUNITY AND OTHER COMMUNITIES THAT ARE ATTACKED AND MARGINALIZED.**

[Your support today](#) is vital to ADL's work partnering with law enforcement, alerting the media, and educating communities.

**There is no other organization in the country that exposes and disrupts hate and extremism and also responds to bias incidents in real time.**

As part of our response, we're expanding ADL's signature anti-bias Peer-Training Programs in middle and high schools across New England. Educating young people on the importance of equality, justice and unity is our best hope for eliminating hate in America.

Hi Jen,

I hope this email finds you well. Thank you for connecting me with Dan Zivkovich - he was able to provide me with access to the MPTC's documents, and I found some good information that I was able to add to the manual.

I just wanted to check in, as I believe at the August 13th meeting you said you were planning to connect with some folks about rewriting the "Reconciling the First Amendment and Bias Crimes," "Civil rights injunctions," and "Legal memorandum relative to the charging of hate crimes" sections. Since I'm back at school and wasn't able to attend the last Task Force meetings, I wanted to see if any actions have been taken for those sections, or if there are contacts I should possibly be reaching out to.

Thank you in advance for any information you're able to provide! And thank you again for connecting me to Dan and for your help with these other sections.

Best wishes,  
Olivia Erickson

**November 29, 2016**

Dear Friend,

Since the election, our region, and the entire country, has experienced an unprecedented spike in acts of anti-Semitism and hatred. People of all backgrounds have been targeted. No one group has been immune.

**Now More Than Ever**, we are reminded that the work of the Anti-Defamation League - of relentlessly fighting against anti-Semitism, racism and bigotry in defense of civil liberties, is more important than ever.

That is why I am asking for your [support today](#).

The New England Anti-Defamation League has been inundated with calls from the public, and from educators, legislators, and media alike, asking for guidance. The demand to implement our **Education Programs** across

New England has more than doubled.

ADL New England is, and has always been, the first responder to acts of hate and bigotry in our area. We must continue to respond and engage. We must proactively educate students, local officials and law enforcement on ways to head off incidents before they occur.

Now More Than Ever, ADL needs your support. We cannot do this without you.

**Cambridge City Council (CCC) Resolution to Boycott HP  
Should the City of Cambridge Become an Instrument of the Global BDS  
Movement?  
April 23 Hearing Postponed --- But Must Sustain Respectful Advocacy**

For the last week, an intensive effort has been underway to consult with members of the Cambridge City Council about a resolution that invites a boycott of [Hewlett Packard](#) (HP) because of business done with Israel. The initiative is being proposed by [Mass Against HP](#) (MAHP), a working group of “Jewish Voice for Peace,” an organization that is part of the international [BDS](#) (Boycott, Divestment and Sanctions) movement, which, in the words of its leaders, is [dedicated to Israel’s destruction](#).

**Hundreds of people have responded by reaching out to Cambridge City Councilors to explain why the proposed resolution is morally and politically bankrupt.** We have been gratified to learn that some of the City Councilors have heard us, and the resolution to boycott HP will not be put to vote on April 23<sup>rd</sup>. An effort is now underway to fashion an alternative resolution that affirms a commitment to the protection of human rights, but steers clear of bigoted attempts to single out Israel or any other country. We are hopeful that the result will be legislation that we can support. However, we are not there yet. It is important that we RESPECTFULLY continue to press our case and encourage a responsible resolution.

**Please note: We will not be attending the meeting on Monday April 23<sup>rd</sup>, and testifying on this matter will not be possible since it is not included on the agenda. We will keep you informed in the days to come as the new hearing date -- likely to be in the next two weeks -- is finalized.**

Notification will be on a Thursday afternoon in advance of the regular Monday Cambridge City Council meeting.

Until then, it is important to keep up your respectful outreach and advocacy:

- Inform ourselves by reviewing this fact sheet and these more [detailed talking points](#).
- [Contact all 9 city council members to send our letter](#), or create your own and [contact the council members individually](#) to RESPECTFULLY share your concern about this resolution. Remember that many council members have been working hard on this issue for the past week or more.
- Reach out to friends and neighbors. Forward this email and urge them to join you.
- Contact your Rabbi or other organizational leaders and ask them to mobilize their membership.
- [Attend the hearing](#), likely on **April 30<sup>th</sup>**, and bring concerned friends whether or not you choose to speak.
- For information on signing up to speak at the hearing (non-residents eligible), please contact the Cambridge City Council at 617-349-4280. We will provide additional information regarding online registration when it becomes available (likely next Thursday afternoon).

### **NEW REPORT FROM ADL PROVIDES AN IN-DEPTH LOOK AT THE CURRENT STATE OF AMERICAN WHITE SUPREMACY**

New York, NY, October 9, 2018 ... ADL has unveiled a new and comprehensive report that examines the current state of white supremacy. "[New Hate and Old: The Changing Face of American White Supremacy](#)," produced by ADL's Center on Extremism, is a deep dive into the forces behind this deadly ideology -- from the emergence of the alt right to the ongoing threat posed by more established elements of the movement.

Among the contents of the report: a close look at the increasing use of [podcasts](#) by white supremacists to spread their hate, extremists' internal debate over [“optics”](#) and the staggering statistics behind [white supremacist violence](#).

“We need to take this threat very seriously and be proactive in combating it,” said ADL CEO Jonathan Greenblatt. “Historically, white supremacists have killed more people in the United States than any other type of domestic extremist – and that remains true today. Violence continues to permeate the white supremacist movement.”

“White supremacists in the United States have experienced a resurgence in the past three years, driven in large part by the rise of the alt right,” said George Selim, ADL Senior Vice President of Programs. “Youth-oriented and overwhelmingly male, the alt right has provided new energy to the movement, but has also been a destabilizing force, much as racist skinheads were to the movement in the 1980s and early 1990s.”

According to analysts at ADL’s Center on Extremism, some white supremacists, such as neo-Nazis, seem to have been buoyed by the rise of the alt right, while other groups – most notably racist skinheads – appear to have lost potential recruits to the newer strain of white supremacy. The report also examines the political environment that has emboldened the alt right, and recent violence linked to white supremacists.

The report includes a series of [legislative and administrative policy recommendations](#) to combat the threat posed by violent, far-right extremists. As part of those recommendations, ADL calls on the United States Congress to enact a domestic terrorism statute that explicitly recognizes and punishes domestic terrorism as a crime, and also asks the federal government to collect statistics on domestic terrorism and other forms of extremist-related criminal activity and to ensure training for law enforcement on best practices to combat domestic terrorism.

*ADL is a leading anti-hate organization. Founded in 1913 in response to an escalating climate of anti-Semitism and bigotry, its timeless mission is to protect the Jewish people and to secure justice and fair treatment for all. Today, ADL continues to fight all forms of hate with the same vigor and passion. ADL is the first call when acts of anti-Semitism occur. A global leader in exposing extremism, delivering anti-bias education and fighting hate online, ADL’s ultimate goal is a world in which no group or individual suffers from bias, discrimination or hate. - 7) Contact your mobile phone provider to verify that your phone will work in Israel. Virtually all American smartphones work in Israel seamlessly but sometimes the provider needs to know in advance of your travel plans. It can be expensive if you don't sign up for a plan in advance.
- 8) ATM's are as abundant in Israel as they are in America and there is no need to change money in advance. Most places and shops take US currency and credit cards.
- 9) Please bring patches, pins, challenge coins and caps for the Israel Police (it is very likely they will have the same for you).
- 10) We do not release a detailed itinerary before we travel since many meetings and visits are subject to change based on schedules and changing circumstances on the ground. However, here are a few details to help you prepare:
  - a. Our first night is in Tel Aviv and the hotel is about 40 minutes from the airport.
  - b. Each person will have their own room. The hotels have internet service and gyms, and are in locations conducive and safe for running.
  - c. We have one of Israel's best guides, Reuven Solomon, who has extensive experience with law enforcement and has served as the guide for this trip since 2008.
  - d. The trip will include a training component as well as touring including the critical religious sites.
  - e. ADL maintains an office in Jerusalem which coordinates all of the logistics and meetings and some of our staff will join parts of the trip.
- 11) If there are sites or places that you know you want to visit please let us know and we will do my best to make that happen. If you have contacts, friends, or colleagues in Israel and want to see them, please let us know. We will have law enforcement guests at some of the dinners and we can always accommodate a couple of additional colleagues or friends.

We will send out another email with more details on what to expect upon arrival in the next week or so. Please do not hesitate to call Talia with any questions or concerns. We are looking forward to traveling with each of you next month.

**Subject:** ADL Trip to Israel - Airline tickets

Good afternoon,

Welcome again to the 2017 New England Counter Terrorism Seminar. We wanted to let you know that airline tickets are being issued this week. Next week, Jake will email each of you an electronic ticket, and you can manage your reservation online using the confirmation number. The flights are eligible for frequent flier credit on [El Al](#) or its partner airlines.

We will do our best to get everyone aisle seats but you also have the ability to change your seat online once your ticket has been issued.

El Al has an [upgrade system](#) in place that allows you to be placed on a list and pay for an exit row or bulkhead seat. You can do this directly from the airline website (Note: the [El Al](#) website is confusing and not as user friendly as you may be accustomed to).

There are also a limited number of premium seats, which cost around \$150 extra each way. If you would like one of these premium seats, please call Jodie Swider at 781-707-2651 (after your ticket has been issued), tell her you are with the ADL New England group and she will do her best to upgrade you. You will be responsible for the added charge.

It is imperative that your name on your ticket match your passport. If the name you registered under does not match your passport for any reason, please let us know immediately so we can issue a correct airline ticket.

**Subject:** ADL Trip to Israel - Logistics

Good afternoon,

Welcome to the ADL New England Counter Terrorism Seminar in Israel. Although we are not leaving until December, we wanted to provide a couple of updates regarding our trip.

- 1) There will be approximately 15 law enforcement professionals in our group. We are in the process of finalizing the group and will send out a complete list of participants in the next couple of weeks.
- 2) Our trip begins in Boston at Logan Airport. Please plan to arrive at 6:00 PM. We will meet at the El Al ticket counter in Terminal E.

|                                                                             |                                     |                         |
|-----------------------------------------------------------------------------|-------------------------------------|-------------------------|
| Sunday December 3 <sup>rd</sup><br>(Monday, December 4 <sup>th</sup> )      | El Al #016 Depart Boston 9:00 PM    | Arrive Tel Aviv 2:55 PM |
| Tuesday, December 12 <sup>th</sup><br>(Tuesday, December 12 <sup>th</sup> ) | El Al #017 Depart Tel Aviv 12:05 AM | Arrive Boston 5:30 AM   |

On the return flight we depart after midnight on December 12<sup>th</sup> and arrive home the same day. We will have hotel rooms in Tel Aviv on the day of departure from Israel. A detailed itinerary will not be available until closer to our departure date. It is a long flight and we have found that a good pair of noise cancelling headphones can ease the journey.

- 3) If you have any seating, meal, or frequent flier requests, please let me know. We request aisle seats for everyone. The airline tickets will be issued at the beginning of November and we will send everyone an electronic ticket.
- 4) All expenses will be covered by ADL, including airfare from Boston to Tel Aviv, all hotels, meals, tours, guides, and admission costs at museums.
- 5) Airline tickets, packing list and hotel information will be sent out in the next month or so. One item to think about now is patches, pins and caps for the Israel Police (it is very likely they will have the same for you).
- 6) We compile a short bio book on the participants as way to help everyone get to know one another and we also share it with the Israel National Police in advance. Please send a bio and head shot to Robert's assistant Jake Stuckey at [jstuckey@adl.org](mailto:jstuckey@adl.org).
- 7) If you are in the process of renewing your passport, please provide Talia with the details once you have it. This information is required to clear all security issues in advance. If you are traveling on a red government passport, please let us know as you may need to obtain a visa. There is no visa requirement for "blue" American passports.
- 8) Please feel free to contact us should you have any questions or concerns. In addition, if you would like your executive assistant to be copied on email correspondence, please let us know.

We look forward to travelling with each of you.

Best,

Robert and Talia

Good afternoon,

Welcome again to the 2017 New England Counter Terrorism Seminar. We wanted to let you know that airline tickets are being issued this week. Next week, Jake will email each of you an electronic ticket, and you can manage your reservation online using the confirmation number. The flights are eligible for frequent flier credit on [El Al](#) or its partner airlines.

We will do our best to get everyone aisle seats but you also have the ability to change your seat online once your ticket has been issued.

El Al has an [upgrade system](#) in place that allows you to be placed on a list and pay for an exit row or bulkhead seat. You can do this directly from the airline website (Note: the [El Al](#) website is confusing and not as user friendly as you may be accustomed to).

There are also a limited number of premium seats, which cost around \$150 extra each way. If you would like one of these premium seats, please call Jodie Swider at 781-707-2651 (after your ticket has been issued), tell her you are with the ADL New England group and she will do her best to upgrade you. You will be responsible for the added charge.

It is imperative that your name on your ticket match your passport. If the name you registered under does not match your passport for any reason, please let us know immediately so we can issue a correct airline ticket.

In addition, if you have not yet sent us your bio and head shot, please send them to Jake Stuckey at [jstuckey@adl.org](mailto:jstuckey@adl.org).

BAKER URGES LAW ENFORCEMENT TO ADOPT HATE CRIMES RECOMMENDATIONS

By Colin A. Young

STATE HOUSE NEWS SERVICE

STATE HOUSE, BOSTON, NOV. 26, 2018....As a group he re-established last year amid reports of a rise in anti-Semitic incidents across New England continues its work, Gov. Charlie Baker last week sent four recommendations from the group to police chiefs and encouraged law enforcement to adopt them immediately.

Based on a recommendation of his Hate Crimes Task Force, Baker suggested that all law enforcement agencies designate at least one officer to serve as the department's point person on all hate crimes and that all agencies should require that officer to report any criminal act that appears to be motivated by bias to a new website the Executive Office of Public Safety is developing.

"The relationship between local law enforcement agencies and the communities they serve is a key component to the effective prevention, investigation and prosecution of hate crimes and, most importantly, to supporting and aiding a victim's recovery," Baker [wrote in a letter](#) to police chiefs on Nov. 19.

The governor said the role of the suggested "civil rights officers" would be to "serve as a community liaison and to participate in appropriate community outreach, to review incident reports for potential hate crimes, and to serve as a resource for your agency on any issues related to hate crimes."

Baker also encouraged police chiefs to utilize the National Incident Based Reporting System as their department's primary mechanism for reporting hate crimes to state and federal authorities and to consider adopting the International Association of Chiefs of Police Model Policy as their agency's official policy with respect to hate crimes.

The recommendations came from discussions Baker said he has had with his Hate Crimes Task Force, a group assembled last year to shape the state's policies and practices around hate crimes. The task force was launched after a report of a rise in anti-Semitism in New England.

According to the Anti-Defamation League's annual audit of anti-Semitic incidents, there were 177 anti-Semitic acts of vandalism, harassment or assault in Massachusetts in 2017. Anti-Semitic incidents rose by 254 percent over 2015, when the ADL reported 50 such incidents.

"Any anti-Semitic act -- any act of hate or terror or violence or vandalism, against anybody or any organization because of their religion, their race, their sexual orientation -- is zero tolerance here in the commonwealth of Mass.," Baker said last month after the mass shooting at the Tree of Life synagogue in Pittsburgh.

In a [separate letter](#) last week, Baker asked the Municipal Police Training Committee to work with the Executive Office of Public Safety and Security to develop a comprehensive and specialized training course for civil rights officers. That training will be made available with no charge to local police departments, the governor said.

The Hate Crimes Task Force was first created by Gov. William Weld in 1991 and codified by Gov. Paul Cellucci in 1997 to "advise the Governor and the Secretary of the Executive Office of Public Safety on issues relating to the prevalence, deterrence, and prevention of hate crimes in the Commonwealth." Baker revived the task force last November and tapped Public Safety Secretary Dan Bennett and Boys and Girls Clubs of Boston CEO Josh Kraft to lead the effort.

- The COPS Office has invested heavily in creating and updating resources related to hate crimes recognition, investigation, and reporting: <https://cops.usdoj.gov/hatecrimeresources>.
- The IACP's Concept Paper and model policy are attached.

Dear NECTS participants,

I hope that you're all doing well and that you've recovered from jetlag and have settled back into your routines. We wanted to take this opportunity to thank you again for making the time to participate in the 2017 New England Counter-Terrorism Seminar in Israel – each of your individual contributions was crucial in making the trip the wonderful experience we all shared.

As many of you requested, I am attaching a roster with email addresses for all the participants. In addition, many of you had questions regarding future opportunities to work with ADL. I am sending some flyers that lay out many of the types of training that we offer, including both trainings we offer here locally and ADL's Advanced Training Seminar, which takes place in Washington, D.C. twice each year. In addition, please know that if you have a specific need, we are happy to work together to build training that fits your department.

Thank you once again, and I look forward to continuing our work together.

Happy Holidays,

Talia

The banner features the ADL logo (Anti-Defamation League) on the left. To its right is the text "#GIVINGTUESDAY™" with a red heart icon replacing the 'V'. Below this is a large red banner with the text "YOU CAN STAND UP TO HATE" in white. Above the red banner, the text "NOW MORE THAN EVER" is displayed in white. At the bottom of the banner, the date "November 29, 2016" is shown in white. The background of the banner is a blurred image of a protest with signs, one of which says "NO place for HATE". In the top right corner of the banner area, there are social media icons for Facebook and Twitter, and the URL "newengland.adl.org" is displayed in blue text.

Dear Friend,

Since the election, our region, and the entire country, has experienced an unprecedented spike in acts of anti-Semitism and hatred. People of all backgrounds have been targeted. No one group has been immune.

**Now More Than Ever**, we are reminded that the work of the Anti-Defamation League - of relentlessly fighting against anti-Semitism, racism and bigotry in defense of civil liberties, is more important than ever.

That is why I am asking for your [support today](#).

The New England Anti-Defamation League has been inundated with calls from the public, and from educators, legislators, and media alike, asking for guidance. The demand to implement our **Education Programs** across

New England has more than doubled.

ADL New England is, and has always been, the first responder to acts of hate and bigotry in our area. We must continue to respond and engage. We must proactively educate students, local officials and law enforcement on ways to head off incidents before they occur.

Now More Than Ever, ADL needs your support. We cannot do this without you.

Great job, Melissa! I think you were extremely thorough and thoughtful. I have attached suggested edits. None of them are particularly substantive. Perhaps the most significant is that I added the word "preferred" throughout, since I think it is unlikely we will find all of these qualities in one human being, let alone more than one. 😊

Mitch, perhaps you could comment on the version I have attached here instead of Melissa's version?

And Melissa, in case it happens before we next communicate, I wish you a beautiful delivery and time of welcoming your little one.

Becky and Mitch,

Attached is hopefully a starting place for draft facilitator guidelines for the program. I'm looking forward to hearing your thoughts. I'm also copying Robert Trestan on this since I will be out on maternity leave shortly until January.

Thanks so much!

Best,  
Melissa

Hi Melissa,

I really apologize for the delay in my response. I was recovering from my ACL surgery for most of May and was not checking work email. I then started my summer associate position at Goulston & Storrs, which has been really great so far, but which did delay my return to the project. The firm has very generously encouraged me to continue working on the project while I am here and has even offered to host our Task Force meetings during the summer if we choose to have any. I will reach out to the entire Task Force to discuss this once I have cleared all of the details of how that will work with the firm and with EOPSS, which should be in a day or two.

I would be happy to talk with you and Rob whenever is convenient for you both. If you have time today, I am free from 1:30 PM to 2:30 PM, and from 4:00 PM to 6:00 PM. I am free anytime tomorrow from 10:00 AM to 5:00 PM. On Friday, I am only free from 9:00 AM until 10:30 AM. Please let me know if any of those times work for you both. If not, I will follow up with my availability for next week. I apologize again for the delay, and I look forward to speaking with you.

Best regards,  
Rebecca Harris

Let me know.

Good afternoon everyone,

I apologize for the short notice, but I am cancelling the meeting for tomorrow. I have heard from enough people who are not able to attend or who need additional time to work on tasks that I do not think it makes sense to meet. I know you are all extremely busy, and I would really like to ensure we make the best use of your time at these meetings.

Unfortunately, I will not be available to meet again until the spring semester starts. Below I have listed 6 dates and times during which I will be available to meet. Would you please respond with your availabilities to meet during those times?

January 25: anytime from 9AM-12PM  
January 26: anytime from 9AM-12PM  
January 27: anytime from 9AM-2PM

February 4: anytime from 9AM-12PM  
February 5: anytime from 9AM-12PM  
February 6: anytime from 9AM-2PM

I will be following up with those of your working on curriculum development to arrange to continue working on the curriculum remotely, and I will keep you all informed about our plan going forward. I greatly appreciate all of your work on this project, and I look forward to our next meeting in the new year. Please let me know if you have any questions, and I apologize again for the short notice.

(CC'd is Dean Serpa, Director of Operations, and Mike Vallarelli, Deputy Chief of Staff, both of the Office of the Governor.)

Robert is leading a "Counter-Terrorism Training Seminar in Israel" for Massachusetts law enforcement officials on Dec 4-12. He and ADL have generously offered to welcome members of the EPU and Hans to join the ADL trip on selected portions of its itinerary.

A list of the participants in the ADL Seminar is attached, which includes Boston Police Commissioner Evans, and others you may know or recognize.

Also attached is a draft itinerary of the ADL trip, marked-up by Robert. The circled programs represent those times that you and the EPU would be welcome to join the ADL trip. Please be sure to note the location (Jerusalem or Tel Aviv).

While I imagine that during the Governor's itinerary you will not be available to participate in the ADL itinerary, or perhaps even during any of the preceding days when you are in Israel, I wanted to share this info with you in case there are opportunities when you would like to participate.

Kevin and Hans -- Please be in touch with Robert directly to let him know of your interests.

Robert -- Many thanks for your kind offer.

(FYI -- The ADL trip participants will be joining the Gov's delegation at the US Ambassador's Reception on Monday night Dec 12.)

Dear David,

I hope you are well. It looks like three Boston area trips to Israel will overlap next month, and I wanted to reach out as I know you are playing a role with respect to the Governor Baker's trip. I am leading the ADL annual counter-terrorism training seminar from December 4 -12 and will remain in Israel for an additional two days.

I have attached the current participant list. Boston Police Commissioner Evans is part of this group. Might there be an opportunity for any cross-over - even a quick meet and greet and photo? This trip is focused heavily on working with the Israel National Police and security experts and infrastructure (Tel Aviv, Jerusalem and northern border)

Lastly, I am remaining Tel Aviv on Dec 13 and 14 (after the group departs) and would love the opportunity to join/participate any portion of the Governor's trip that you think might be appropriate.

Let me know, what you think and how we might maximize the significant Massachusetts presence in Israel next month.

Hi everyone,

I hope you are all doing well! I have heard back from an attorney the Division of Open Government at the Attorney General's Office who confirmed that the task force deliberations are not subject to the Massachusetts Open Meeting Law as the task force does not meet the statute's definition of a "public body." We may all proceed to complete the tasks we took on at the meeting and deliberate without any restrictions. Thank you all so much for your patience on this.

I apologize for not sending out the minutes yet. I am working to make them as comprehensive as possible since we are adding some additional members to the task force. I will get them out to you all by tomorrow. Please let me know if you have any questions. Thank you!

**Subject:** Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

It was so great to meet you all. Thank you so much for your time and contributions today. Our next meeting is scheduled for November 13, 2015 from 11:00 a.m. to 12:30 p.m. I am working on completing the minutes from today and will email them out by Tuesday of next week.

A question was raised after the completion of our meeting about whether the Diversity Awareness Program Task Force meetings are subject to the Massachusetts Open Meeting Law (OML). In our initial discussions about the task force, we did not believe that they would be. We now think that it is possible they are. I have been in touch with an attorney at

the Division of Open Government at the Office of the Attorney General who will get back to me next week with a decision on this matter. I will share that with you all as soon as I receive it.

I am sharing this with you now because the OML restricts deliberation over email or outside of meetings, which is a critical component of how we have structured the task force. Additionally, under the OML, all task force meetings including subcommittee meetings would be subject to a range of requirements. I know several of you have already begun dividing up tasks. You may begin working on those tasks individually, but until further notice you should not deliberate with one another. I sincerely apologize for the inconvenience, and I will promptly inform you all of the outcome.

Please let me know if you have any questions about this or anything else. Thank you all so much again for your contributions to this project. Have a great weekend.

Subject: Scheduling the first meeting of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders

Good afternoon members of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders,

I hope you are all doing well. I apologize for the difficulty scheduling our first meeting over these past few weeks. I know many of you were on vacation, and I hope you all enjoyed. I believe you are all back now, and I look forward to getting started.

A number of you have requested more detailed information about the expected time commitment for Task Force members. Please find attached a detailed memorandum outlining the expected commitment for Task Force members. I have worked to streamline the curriculum development process as much as possible; I am asking for all members to attend three meetings and to complete curriculum development work in between each meeting. I expect that most of you will complete the majority of this work in between the first and second meeting. Anyone who is available to take on more work beyond what is laid out in the memorandum is certainly invited to do so! Please let me know if you have any questions or concerns about this plan.

I would like to get to work scheduling our first meeting now that everyone is back. I have created a new doodle poll to facilitate scheduling this meeting. I apologize to those of you who took the time to fill out the first doodle poll I sent out.

I included a range of dates and times over the course of the next month, and I hope that at least one will work for everyone. Please complete the poll by Monday, September 14. It should not take more than five minutes. Here is the link to the poll:

Please let me know if you have any questions or concerns. If you need to reach me by phone, please call me on my cell phone at [REDACTED]. Thank you all so much for your time and your patience with this process. I am looking forward to working with you all!

Good Afternoon Robert:

I believe that you were copied on an e-mail chain about the Commonwealth of Massachusetts' Homeland Security Conference on December 6<sup>th</sup>. I had reached out to Mr. Oren Segal because I saw him on a panel at the US Attorney's Office National Security Conference in late September at MIT and I found his perspective on violent extremism and hate crimes to be very thoughtful. In his response to my initial inquiry, Mr. Segal said that he is busy on December 6<sup>th</sup>. We are planning on having a panel discussion titled: "Building Bridges to Reduce Violent Extremism." Brandy mentioned that you might be a good person to have on that panel based on your work here in the Commonwealth. Would you be interested in participating in this discussion that day? We will be showing the Not in Our Town Video, "Waking in Oak Creek," either before or after the panel to highlight the importance of building emotionally resilient communities as a part of any effort to reduce violent extremism. We would be honored to have you participate in this discussion. I understand that this is very late notice to be asking you to participate in something like this so I completely understand if you must decline. However, if you are not able to or interested in participating and have a suggestion regarding another person either from your organization or elsewhere, we would be grateful for the suggestion.

Looking forward to hearing from you,

Sincerely,

Hello everyone,

Thank you to those of you who have begun to work on the tasks we identified at the first Task Force meeting. Please find attached an updated draft of the meeting minutes. I have also attached electronic versions of the documents I distributed at the meeting.

Please keep me informed about how I can assist any of the subcommittees in the coming weeks. I am still working on securing an online collaboration forum for the Task Force. In the meantime, please plan on submitting your work to me via email by November 6, 2015, so that I can compile it and send it back to you all in advance of our meeting on November 13, 2015. Please let me know if the November 6, 2015 deadline no longer works for you. Thank you all so much again for your work on this project.

Subject: Diversity Awareness Program Task Force Meeting Minutes\_10.9.15

Hi everyone,

Thank you so much for your patience. Please find attached the minutes from the first meeting of the Diversity Awareness Program Task Force meeting last week. Certainly free to email me if you think I missed or misstated something. Please also welcome Stan Eichner from the Disability Law Center to the Task Force. Stan will be available to consult remotely for intersectionality-related questions and will focus on developing content for a small section on people living with disabilities. Stan's contact information is below:

Phone: 617-723-8455, ext 153  
Email: seichner@dlc-ma.org

In the original memorandum I sent out, I requested that people send in completed materials a week before the next meeting, which would be Friday November 6. Are people still comfortable with that arrangement or would more time be preferable?

You should all feel free to structure how you collaborate, but I have been looking into online tools such as Google Docs, Slack, etc., which might be helpful to facilitate discussions and share documents. Would people be interested in working off of a centralized program or prefer to communicate separately with other subcommittee members?

I look forward to hearing from you all. Please let me know if you have any questions. Thank you so much again for your patience and assistance.

Subject: RE: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

I hope you are all doing well! I have heard back from an attorney the Division of Open Government at the Attorney General's Office who confirmed that the task force deliberations are not subject to the Massachusetts Open Meeting Law as the task force does not meet the statute's definition of a "public body." We may all proceed to complete the tasks we took on at the meeting and deliberate without any restrictions. Thank you all so much for your patience on this.

I apologize for not sending out the minutes yet. I am working to make them as comprehensive as possible since we are adding some additional members to the task force. I will get them out to you all by tomorrow. Please let me know if you have any questions. Thank you!

Subject: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

It was so great to meet you all. Thank you so much for your time and contributions today. Our next meeting is scheduled for November 13, 2015 from 11:00 a.m. to 12:30 p.m. I am working on completing the minutes from today and will email them out by Tuesday of next week.

A question was raised after the completion of our meeting about whether the Diversity Awareness Program Task Force meetings are subject to the Massachusetts Open Meeting Law (OML). In our initial discussions about the task force, we did not believe that they would be. We now think that it is possible they are. I have been in touch with an attorney at the Division of Open Government at the Office of the Attorney General who will get back to me next week with a decision on this matter. I will share that with you all as soon as I receive it.

I am sharing this with you now because the OML restricts deliberation over email or outside of meetings, which is a critical component of how we have structured the task force. Additionally, under the OML, all task force meetings including subcommittee meetings would be subject to a range of requirements. I know several of you have already begun dividing up tasks. You may begin working on those tasks individually, but until further notice you should not deliberate with one another. I sincerely apologize for the inconvenience, and I will promptly inform you all of the outcome.

Please let me know if you have any questions about this or anything else. Thank you all so much again for your contributions to this project. Have a great weekend.

Good evening Task Force members,

Our last meeting went very well! Please find the minutes attached to this email. Please make sure to look at the fourth section (Division of Tasks and Responsibilities), which includes a list of everyone's tasks to complete before our next meeting. I will be following up with most of you individually over the next few weeks to discuss curriculum development.

In the meantime, I would like to work on scheduling our next meeting for early April. This meeting will involve a substantive discussion and review of the module outlines, so it would be extremely helpful if all of you are able to be there.

Please let me know your availability for the following dates and times:

Monday, April 4, 2016: anytime

Good Morning Josh,

I hope you and your family are safe and healthy given all of the challenges we are facing. I wanted to check in about reconvening the Task Force remotely. In this moment, I think there is an important role and voice for the Task Force, particularly since Governor Baker envisioned it to be an ongoing process. I have some agenda ideas that I would be happy to discuss.

Good morning,

We will take care of sending it to the MA School Nurses and Counselors Associations, hopefully it will be sent and posted tomorrow. It will be great to have you connect with Bill, Tom and Scott for the personal connection. Commissioner Riley (DESE) will also send it to his list serve, I think it will be good if people get the message from multiple outlets.

Thank you,

Jenn

I know Bill and Tom and am reaching out to Scott about the next meeting. Am I supposed to invite the others to the next meeting or just update them on the listening schedule? I think Tom is probably the most influential when it comes to "curriculum".

Hi Robert,

Our DESE contact, Anne Gilligan, provided me with contact information for the MA Nurses Association, so you do not need to get that for us. Anne plans to attend the listening sessions and will speak at our next Education meeting.

Anne recommended notifying the following contacts:

Mass Association of School Superintendents: Tom Scott [scott@massupt.org](mailto:scott@massupt.org)

Mass Association of Secondary School Administrators: Bill Gaine [bgaine@miaa.net](mailto:bgaine@miaa.net)

Mass School Nurses Organization: [president@msno.org](mailto:president@msno.org)

Mass School Counselors Association: Donna Brown [executivedirector@masca.org](mailto:executivedirector@masca.org)

I think we identified all of these groups and she thought we were on the right track, she was thrilled to hear that we have a Western Mass listening session.

Talk soon,  
Jenn

Rob – Just wanted to give you a heads up that we'll be announcing the Task Force recs via press release today. We'll also be releasing this year's Hate Crime in Massachusetts report (attached). Significant decline from last year's high, but also lower than previous years going back to at least 2015.

Dear Mr. Trestan:

The Executive Office of Public Safety and Security plans to announce the most recent recommendations of the Governor's Task force on Hate Crimes within the next week or so. In light of your key role in developing them, we hope you will contribute a quote to the press release, which summarizes the modern history of the Task Force and outlines the recommendations. If possible, we ask that you send the quote by Monday, Jan. 6.

Please don't hesitate to contact me directly if I can be of any assistance, and thank you very much for all your efforts in promoting education, awareness, and prevention of bias-related crimes in Massachusetts.

Olivia, I will forward you some information to review, hopefully later today.

Greetings Dan and Olivia,

I would like to introduce the two of you to each other by way of email. Olivia, is an amazing rising senior at BC who is finishing up her summer internship with Robert Trestan, the Executive Director of the ADL. Dan is the Executive Director of the Municipal Police Training Committee, known as the MPTC. Olivia has spent an incredible amount of time updating the MA Hate Crimes Manual that was prepared in the 1990's. She is interested in reviewing the MPTC curriculum regarding bias/hate crimes so as not to "recreate the wheel." Dan - could you communicate and coordinate with Olivia regarding this request or put her in touch with someone from the MPTC that can assist her? It would be much appreciated by all.

Thank you,

Hi Anjeza,

Just want to be clear how I can be most helpful (in a short amount of time!). At the last subcommittee meeting, I think we offered to put together a revised recommendation from the Task Force based on our previous discussion and the meeting with the Secretary. Is that basically what you have in mind? I'm dealing with a bit of a work emergency, but I can maybe spend an hour or two this weekend on this.

Subject: Diversity Awareness Program Task Force - Following Up

Hello everyone,

Thank you to those of you who have begun to work on the tasks we identified at the first Task Force meeting. Please find attached an updated draft of the meeting minutes. I have also attached electronic versions of the documents I distributed at the meeting.

Please keep me informed about how I can assist any of the subcommittees in the coming weeks. I am still working on securing an online collaboration forum for the Task Force. In the meantime, please plan on submitting your work to me via email by November 6, 2015, so that I can compile it and send it back to you all in advance of our meeting on November 13, 2015. Please let me know if the November 6, 2015 deadline no longer works for you. Thank you all so much again for your work on this project.

Subject: Diversity Awareness Program Task Force Meeting Minutes\_10.9.15

Hi everyone,

Thank you so much for your patience. Please find attached the minutes from the first meeting of the Diversity Awareness Program Task Force meeting last week. Certainly free to email me if you think I missed or misstated something. Please also welcome Stan Eichner from the Disability Law Center to the Task Force. Stan will be available to consult remotely for intersectionality-related questions and will focus on developing content for a small section on people living with disabilities. Stan's contact information is below:

Phone: 617-723-8455, ext 153  
Email: seichner@dlc-ma.org

In the original memorandum I sent out, I requested that people send in completed materials a week before the next meeting, which would be Friday November 6. Are people still comfortable with that arrangement or would more time be preferable?

You should all feel free to structure how you collaborate, but I have been looking into online tools such as Google Docs, Slack, etc., which might be helpful to facilitate discussions and share documents. Would people be interested in working off of a centralized program or prefer to communicate separately with other subcommittee members?

I look forward to hearing from you all. Please let me know if you have any questions. Thank you so much again for your patience and assistance.

Subject: RE: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

I hope you are all doing well! I have heard back from an attorney the Division of Open Government at the Attorney General's Office who confirmed that the task force deliberations are not subject to the Massachusetts Open Meeting Law as the task force does not meet the statute's definition of a "public body." We may all proceed to complete the tasks we took on at the meeting and deliberate without any restrictions. Thank you all so much for your patience on this.

I apologize for not sending out the minutes yet. I am working to make them as comprehensive as possible since we are adding some additional members to the task force. I will get them out to you all by tomorrow. Please let me know if you have any questions. Thank you!

Subject: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

It was so great to meet you all. Thank you so much for your time and contributions today. Our next meeting is scheduled for November 13, 2015 from 11:00 a.m. to 12:30 p.m. I am working on completing the minutes from today and will email them out by Tuesday of next week.

A question was raised after the completion of our meeting about whether the Diversity Awareness Program Task Force meetings are subject to the Massachusetts Open Meeting Law (OML). In our initial discussions about the task force, we did not believe that they would be. We now think that it is possible they are. I have been in touch with an attorney at the Division of Open Government at the Office of the Attorney General who will get back to me next week with a decision on this matter. I will share that with you all as soon as I receive it.

I am sharing this with you now because the OML restricts deliberation over email or outside of meetings, which is a critical component of how we have structured the task force. Additionally, under the OML, all task force meetings including subcommittee meetings would be subject to a range of requirements. I know several of you have already begun dividing up tasks. You may begin working on those tasks individually, but until further notice you should not deliberate with one another. I sincerely apologize for the inconvenience, and I will promptly inform you all of the outcome.

Please let me know if you have any questions about this or anything else. Thank you all so much again for your contributions to this project. Have a great weekend.

Subject: Scheduling the first meeting of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders

Good afternoon members of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders,

I hope you are all doing well. I apologize for the difficulty scheduling our first meeting over these past few weeks. I know many of you were on vacation, and I hope you all enjoyed. I believe you are all back now, and I look forward to getting started.

A number of you have requested more detailed information about the expected time commitment for Task Force members. Please find attached a detailed memorandum outlining the expected commitment for Task Force members. I have worked to streamline the curriculum development process as much as possible; I am asking for all members to attend three meetings and to complete curriculum development work in between each meeting. I expect that most of you will complete the majority of this work in between the first and second meeting. Anyone who is available to take on more work beyond what is laid out in the memorandum is certainly invited to do so! Please let me know if you have any questions or concerns about this plan.

I would like to get to work scheduling our first meeting now that everyone is back. I have created a new doodle poll to facilitate scheduling this meeting. I apologize to those of you who took the time to fill out the first doodle poll I sent out. I included a range of dates and times over the course of the next month, and I hope that at least one will work for everyone. Please complete the poll by Monday, September 14. It should not take more than five minutes. Here is the link to the poll:

Please let me know if you have any questions or concerns. If you need to reach me by phone, please call me on my cell phone at [REDACTED]. Thank you all so much for your time and your patience with this process. I am looking forward to working with you all!

Subject: Diversity Awareness Program Task Force - Following Up

Hello everyone,

Thank you to those of you who have begun to work on the tasks we identified at the first Task Force meeting. Please find attached an updated draft of the meeting minutes. I have also attached electronic versions of the documents I distributed at the meeting.

Please keep me informed about how I can assist any of the subcommittees in the coming weeks. I am still working on securing an online collaboration forum for the Task Force. In the meantime, please plan on submitting your work to me via email by November 6, 2015, so that I can compile it and send it back to you all in advance of our meeting on November 13, 2015. Please let me know if the November 6, 2015 deadline no longer works for you. Thank you all so much again for your work on this project.

Best regards,

Subject: Diversity Awareness Program Task Force Meeting Minutes\_10.9.15

Hi everyone,

Thank you so much for your patience. Please find attached the minutes from the first meeting of the Diversity Awareness Program Task Force meeting last week. Certainly free to email me if you think I missed or misstated something. Please also welcome Stan Eichner from the Disability Law Center to the Task Force. Stan will be available to consult remotely for intersectionality-related questions and will focus on developing content for a small section on people living with disabilities. Stan's contact information is below:

Phone: 617-723-8455, ext 153

Email: seichner@dlc-ma.org

In the original memorandum I sent out, I requested that people send in completed materials a week before the next meeting, which would be Friday November 6. Are people still comfortable with that arrangement or would more time be preferable?

You should all feel free to structure how you collaborate, but I have been looking into online tools such as Google Docs, Slack, etc., which might be helpful to facilitate discussions and share documents. Would people be interested in working off of a centralized program or prefer to communicate separately with other subcommittee members?

I look forward to hearing from you all. Please let me know if you have any questions. Thank you so much again for your patience and assistance.

Subject: RE: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

I hope you are all doing well! I have heard back from an attorney the Division of Open Government at the Attorney General's Office who confirmed that the task force deliberations are not subject to the Massachusetts Open Meeting Law as the task force does not meet the statute's definition of a "public body." We may all proceed to complete the tasks we took on at the meeting and deliberate without any restrictions. Thank you all so much for your patience on this.

I apologize for not sending out the minutes yet. I am working to make them as comprehensive as possible since we are adding some additional members to the task force. I will get them out to you all by tomorrow. Please let me know if you have any questions. Thank you!

Subject: Concern Regarding Compliance with the Massachusetts Open Meeting Law

Hi everyone,

It was so great to meet you all. Thank you so much for your time and contributions today. Our next meeting is scheduled for November 13, 2015 from 11:00 a.m. to 12:30 p.m. I am working on completing the minutes from today and will email them out by Tuesday of next week.

A question was raised after the completion of our meeting about whether the Diversity Awareness Program Task Force meetings are subject to the Massachusetts Open Meeting Law (OML). In our initial discussions about the task force, we did not believe that they would be. We now think that it is possible they are. I have been in touch with an attorney at the Division of Open Government at the Office of the Attorney General who will get back to me next week with a decision on this matter. I will share that with you all as soon as I receive it.

I am sharing this with you now because the OML restricts deliberation over email or outside of meetings, which is a critical component of how we have structured the task force. Additionally, under the OML, all task force meetings including subcommittee meetings would be subject to a range of requirements. I know several of you have already begun dividing up tasks. You may begin working on those tasks individually, but until further notice you should not deliberate with one another. I sincerely apologize for the inconvenience, and I will promptly inform you all of the outcome.

Please let me know if you have any questions about this or anything else. Thank you all so much again for your contributions to this project. Have a great weekend.

Subject: Scheduling the first meeting of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders

Good afternoon members of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders,

I hope you are all doing well. I apologize for the difficulty scheduling our first meeting over these past few weeks. I know many of you were on vacation, and I hope you all enjoyed. I believe you are all back now, and I look forward to getting started.

A number of you have requested more detailed information about the expected time commitment for Task Force members. Please find attached a detailed memorandum outlining the expected commitment for Task Force members. I have worked to streamline the curriculum development process as much as possible; I am asking for all members to attend three meetings and to complete curriculum development work in between each meeting. I expect that most of

you will complete the majority of this work in between the first and second meeting. Anyone who is available to take on more work beyond what is laid out in the memorandum is certainly invited to do so! Please let me know if you have any questions or concerns about this plan.

I would like to get to work scheduling our first meeting now that everyone is back. I have created a new doodle poll to facilitate scheduling this meeting. I apologize to those of you who took the time to fill out the first doodle poll I sent out. I included a range of dates and times over the course of the next month, and I hope that at least one will work for everyone. Please complete the poll by Monday, September 14. It should not take more than five minutes. Here is the link to the poll:

10:00am-10:45am Central

This briefing from ADL's Center on Extremism will provide highlights and insights from ADL's recently released report [Murder and Extremism in the United States in 2018](#). Among the key findings of the report is that right-wing extremists were responsible for all but one of the 50 extremist-related murders ADL has documented for 2018, making them responsible for more deaths than in any year since 1995. This is a change from recent years that saw multiple-casualty-killings committed by Islamist extremists and also black nationalists.

Thanks, Josh, for sharing this program information with the Task Force. The program is sponsored by the Mass Bar Association's Civil Rights and Social Justice Section Council, of which section council I and A.G. Genevieve Nadeau, a fellow task force member, are members. I am planning to attend the program, which takes place on Thursday, January 11<sup>th</sup> from 5:30 to 7:30 p.m. at the MBA offices at 20 West Street in Boston.

If any other Task Force members are thinking about attending, please let me know so that I can look for you there. It should be an informative panel discussion and perhaps also an opportunity for some of our TF members to meet informally after the session, either at the MBA offices or at one of the nearby restaurants.

Regards,  
Nan

Thank you Brandy and hello Mr. Segal:

We are holding a one day Homeland Security Conference and one of our sessions is going to be focused on Building Bridges to Reduce Violent Extremism. The thought is to show one of the **Not in Our Town** Films, perhaps the one about the attack on a Sikh Temple in Oak Creek Wisconsin, and have a panel discussion that maybe helps attendees break away from assumptions they may have about the topic. I thought that your presentation at the National Security

Conference was very thoughtful ( I really appreciated your comments about teaching children to think critically) and that your perspective could be very educational for our audience. Brandy might also be a panelist and we were looking for at least one other panelist who may be able to speak about community resilience, violence reduction generally and breaking cycles of trauma and violence as part of the process of preventing ideologically based violence. That sounds so big, but I think that this topic will be so new to so many people attending ( local police, fire, public health, govt. officials), that even introducing some perspectives in a very brief way could be really interesting.

Please feel free to give me a call. I understand that you are very busy and maybe cannot help us, but I'd love to speak with you in any event.

Sincerely,

Victoria Grafflin

Good afternoon everyone,

I am emailing you in regards to our upcoming meeting dated May 18<sup>th</sup> at 12pm. At the beginning when we were trying to figure out if that date worked for us all, I thought I would be able to work around my schedule that day. After noticing the traffic I was faced with this past Friday, I realized there's no way I would be able to make this happen. I have a daughter that graduates on the 19<sup>th</sup> from Johnson and Whales in Providence and had already planned with family of driving up to Providence on Friday in order to make it to early graduation on Saturday. Good morning Anjeza,

I am incredibly sorry for the last minute notice that I will not be able to attend the meeting this afternoon. I am home sick and awaiting a call back from my doctor for a visit.

I have read the documents you sent earlier and it's reassuring that we won't have to reinvent the wheel although I'm sure many of the provisions in the 20 year old document are out of date.

I would advocate for mandated reporting from police department upon them designating a "hate crimes specialist". Also the term "school" didn't appear to be defined. (Public vs Private; including colleges/universities?)

Again I am very sorry. Please let

Me know who I can contact after the meeting for an update unless someone will be posting minutes.

Thank you

Subject: Scheduling the first meeting of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders

Good afternoon members of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders,

I hope you are all doing well. I apologize for the difficulty scheduling our first meeting over these past few weeks. I know many of you were on vacation, and I hope you all enjoyed. I believe you are all back now, and I look forward to getting started.

A number of you have requested more detailed information about the expected time commitment for Task Force members. Please find attached a detailed memorandum outlining the expected commitment for Task Force members. I have worked to streamline the curriculum development process as much as possible; I am asking for all members to attend three meetings and to complete curriculum development work in between each meeting. I expect that most of you will complete the majority of this work in between the first and second meeting. Anyone who is available to take on more work beyond what is laid out in the memorandum is certainly invited to do so! Please let me know if you have any questions or concerns about this plan.

I would like to get to work scheduling our first meeting now that everyone is back. I have created a new doodle poll to facilitate scheduling this meeting. I apologize to those of you who took the time to fill out the first doodle poll I sent out. I included a range of dates and times over the course of the next month, and I hope that at least one will work for everyone. Please complete the poll by Monday, September 14. It should not take more than five minutes. Here is the link to the poll:

Please let me know if you have any questions or concerns. If you need to reach me by phone, please call me on my cell phone at [REDACTED]. Thank you all so much for your time and your patience with this process. I am looking forward to working with you all!

Good afternoon members of the Task Force to Develop a Diversity Awareness Program for Hate Crime Offenders,

I hope you are all doing well. I apologize for the difficulty scheduling our first meeting over these past few weeks. I know many of you were on vacation, and I hope you all enjoyed. I believe you are all back now, and I look forward to getting started.

A number of you have requested more detailed information about the expected time commitment for Task Force members. Please find attached a detailed memorandum outlining the expected commitment for Task Force members. I have worked to streamline the curriculum development process as much as possible; I am asking for all members to attend three meetings and to complete curriculum development work in between each meeting. I expect that most of you will complete the majority of this work in between the first and second meeting. Anyone who is available to take on more work beyond what is laid out in the memorandum is certainly invited to do so! Please let me know if you have any questions or concerns about this plan.

I would like to get to work scheduling our first meeting now that everyone is back. I have created a new doodle poll to facilitate scheduling this meeting. I apologize to those of you who took the time to fill out the first doodle poll I sent out. I included a range of dates and times over the course of the next month, and I hope that at least one will work for everyone. **Please complete the poll by Monday, September 14.** It should not take more than five minutes. Here is the link to the poll:

Dear Law Enforcement Colleagues,

We invite you to join us for a special **Webinar Briefing** on ADL's recently released report ***Murder and Extremism in the United States in 2019*** and we encourage you to also extend this invitation to appropriate leaders within your agency.

This briefing from ADL's Center on Extremism will provide highlights and insights from ADL's recently released report [Murder and Extremism in the United States in 2019](#). Among the key findings of the report is that right-wing extremists were responsible for the vast majority of extremist-related murders last year, with the El Paso shooting capping off a bloody decade during which the far right was responsible for a significant majority of all extremist-related murders. The level of violence was so high that the past five years (2015-2019) include four of the deadliest years on record for extremist murders. Much of this increased lethality has been driven by a rise in extremist related mass-shootings.

ADL's Center on Extremism will provide a briefing on how extremists have been using the spread of COVID-19 to advance their hateful, anti-Semitic, anti-government, anti-immigrant, and homophobic agendas. This includes encouraging followers to deliberately spread the virus to members of law enforcement and the Jewish community. Extremists have also been promoting conspiracy theories that the virus is a hoax, a plot by the pharmaceutical industry or a geopolitical weapon.

This webinar is for law enforcement only and is closed to media and members of the press.

**Subject:** Upcoming Jewish High Holidays

Dear Undersecretary McMurray:

The Anti-Defamation League (ADL) is pleased to provide you with the dates on which the Jewish High Holidays will fall this year. These holidays are among the most holy in the Jewish religion and their prayer services are among the most widely attended of all the Jewish holidays of the year. You may wish to draw special attention of patrols to synagogues and Jewish institutions at these times:

- **Rosh Hashanah (the Jewish New Year) will begin at sundown on Wednesday, September 20<sup>th</sup> and last until sundown Friday, September 22<sup>nd</sup>.**
- **Yom Kippur (the Day of Atonement) will begin at sundown on Friday, September 29<sup>th</sup> and last until sundown Saturday, September 30<sup>th</sup>.**

While Rosh Hashanah and Yom Kippur are the most widely attended Jewish holidays of the year, Sukkot, Shemini Atzeret, and Simchat Torah, which take place from October 4<sup>th</sup> to October 13<sup>th</sup>, also may attract a high number of worshippers. It is also worth noting that the traditional huts built outdoors during the festival of Sukkot may be a target for vandalism.

ADL was founded in 1913 to stop anti-Semitism and all forms of hate. ADL works closely with federal, state and local law enforcement across the country to fight hate crimes, extremism, and terrorism, and to protect the Jewish community and all citizens alike.

Please do not hesitate to contact me with any questions or concerns. We appreciate your efforts and commitment to keeping our community safe.

Sincerely,

Talia

**Attachments:** Invitation to ADL Breakfast at IACP 2018.pdf

As members of ADL's Alumni Network, we would like to share with you three opportunities to reconnect with ADL at this year's International Association of Chiefs of Police (IACP) annual conference, if you'll be in attendance:

- 1) As a reminder, you're invited to attend the breakfast we are hosting on **Monday, October 8 at 8:00am** at the **Rosen Centre Hotel**, located adjacent to the Orange County Convention Center. (Invitation attached.) We ask that you please register by October 2, if you have not done so already. [Please click here to register to attend.](#)
- 2) We will be moderating a panel on ***Handling Extremist Events: Balancing Freedom of Speech, Peaceful Assembly, and Public Safety*** on **Monday, October 8** from **1:00-2:30pm**. The panel, featuring law enforcement executives who've prepared for and managed large gatherings of extremists over the past year, will provide best practices and lessons learned in handling extremist events in communities and on campus, in order to both protect First Amendment rights and keep the public and law enforcement safe.
- 3) We invite you to visit us in the exhibit hall at **Booth 1974**.

We hope to see you in Orlando!

Elise
