Good Evening Nayeli –

I apologize for the last minute nature of this request. I am currently applying for a COPS Microgrant that is significantly smaller than our last endeavor, but would still provide Journey Out with approximately \$50,000.00 for services to our victims. I need a Letter of Support from Journey Out to include in the grant application. Again, I know this is a last minute request, but we would need that letter ASAP as the filing end date is the 23rd of June. It doesn't need to be overly specific, but simply a letter of support for the new direction the 77th Street Vice unit will be heading (with the help of this grant). Our stated goal is to make the Unit investigative-based with our specific target the Human Traffickers themselves. Journey Out's role would be working in partnership with the 77th Street Vice Unit to provide the same level of professional rescue services that you always have...just on a more frequent basis. Please let me know if this is something you are interested in providing...

Respectfully,

To Whom it May Concern:

Journey Out is pleased to support the 77th Street Vice Unit in their application for the C PS Microgrant. If awarded, the unit will be investigate-based with the goal of targeting Human Traffickers themselves. Journey Out supports this and the direction the unit is heading in and is committed to continued collaboration and partnership with the unit by supporting the victims of human trafficking. The 77th Vice unit is victim centered and by targeting traffickers themselves, we believe they are working toward long term solutions on the fight against human trafficking.

Journey Out's approach to providing services to victims is unique for various reasons: we understand the on-ramps & barriers to exiting human trafficking and design our services based on this knowledge, we recognize that each victim has their own story of exploitation & thus require individualized care, & we rely on the expertise of Learned Experience Experts. With several of our staff being Survivors of human trafficking, over the years they have helped to develop best practices and ensure that we operate within a harm reduction model.

We recognize that our clients have experienced complex trauma and are extremely selective with organizations we partner with. As leaders in the fight against Human Trafficking, we are proud to be partners with the 77th Street Vice unit and support their application for this grant without reservation.

Hi Everyone,

Tragically, LAPD lost Officer Houston Tipping in a training academy accident. Officer Tipping most recently was at Devonshire Division.

Gas prices are rising costing everyone more money to drive or fly this summer. If your plans take you to New York, take your cell phone. The last iconic phone booth was removed from New York City. Former NY and LAPD Police Chief Bill Bratton has fond memories of the days when phone booths were everywhere in American cities and were, in a sense, our first mobile phone network. *My first job out of high school in '65 was with the New England Telephone Co. as a coin collector. I traveled from pay phone to pay phone in a station wagon with a vault to collect the coin boxes & deliver them to the money counting room in downtown Boston. (Source: Bill Bratton Twitter)*

There was a popular song during World War 2 called "There Will Always be an England". For anyone under 70, the same might be said about Queen Elizabeth. The Queen has now been on the Throne of the British Empire for 70 years. The Queen of England is the longest-reigning monarch in British history. She passed Queen Victoria (1837-1901) and King George III (1760-1820) who ruled during American Revolution. The longest reigning monarch is King Louis XIV of France at 72 years, 110 days. England began celebrating yesterday and events will run through Sunday. Anyone who is a fan of the Netflix series, The Crown, may know that the queen's favorite dog is the Corgi for its energy and untamed spirit. The series has created somewhat of a resurgence of popularity in Britain for the Queen's favorite breed since she was a teenager.

Officer Houston Tipping - EOW - 5-29-22

Chief Moore wrote: Tragedy struck & we have lost one of our own to a training accident that occurred at our Elysian Park Academy. Despite the valiant efforts of his classmates and the medical staff at USCMD, Officer Houston Tipping could not recover. A bright and uplifting young man with a full life in front of him. Grief, sorrow and sadness. May God Welcome him home & comfort his family, friends & partners. Our work continues in a profession that at times calls for a cost that is so very high.

TA 5-year veteran, Officer Tipping patrolled the neighborhoods of Devonshire and worked as a bike instructor. He loved serving as a police officer. He's remembered by his friends & family for how he loved & made people laugh. Taken too soon from us, Houston is survived by his parents, Shirley & Rich; his stepfather Bob; his siblings Kat & Tyler; and his girlfriend Brittney. RIP Officer Houston, we have the watch from here.

Hi Noemy,

Here is the information Donna, our program director provided-

Would you be able to provide me with how many victims journey out assisted since 2018 if possible so I can include it but strictly victims in Los Angeles.

Thank you

Ninety-nine crisis clients directly referred from LAPD officers, and an additional 163 clients that came in for services - either Beacon or PDP clients and a few that received crisis services after the task force.

Good morning

On January 25, 2022, the Los Angeles Police Commission will be receiving a presentation from two LAPD Human Trafficking units regarding their 2021 efforts within their respective areas. My command is requesting the assistance of our partners at Journey Out, Saving Innocence and Zoey International. I am hoping your organizations can provide a representative, who can discuss your relationship with the LAPD and discuss your views on the current state of the various commercial sex areas within the city of Los Angeles. Most likely this would be ZOOM style event.

Two years ago your representatives did an amazing job during their individual presentations to the Board of Police Commission.

Please call me with any questions...

Good morning,

Patrol officers and investigators are cordially invited to this four hour zoom training regarding the Dynamics of Human Trafficking Investigations.

Here is a brief summary:

The goal of this training is to introduce patrol officers and investigators to sex and labor human trafficking investigations. The focus will be on understanding the fundamentals and complexity of human trafficking investigations and appreciating the importance of collaborating with community partners and other governmental organizations to ensure a victim-centered approach and successful prosecution. The four-hour training will include presentations from human trafficking survivors, human trafficking victim advocacy organizations, an experienced LAPD Human Trafficking Detective; prosecutors with substantial human trafficking experience, the Director of the Child Trafficking Unit of the Los Angeles County Probation Department, and a supervisor from the Commercial Sexually Exploited Children's Unit of the Los Angeles Department of Children and Family Services. Upon completion of the training, attendees will receive a Certificate of Completion.

Please forward this to whoever would be interested.
