

BJA BUREAU OF JUSTICE ASSISTANCE

GMS Report Smart Policing Initiative (SPI) 2009-DG-BX-0118 Report Period: 01 Jul 2016 - 30 Sep 2016

The following report covers grantee reported activity for grant number 2009-DG-BX-0118 awarded to City of Los Angeles for the period 01 Oct 2009 - 30 Sep 2016. The award, in the amount of \$899,959.00, was issued as part of the BJA FY 09 Smart P 1 solicitation. Any funds reported only represent an estimate of dollars allocated or used for activities covered by this award.

This report covers 1 reporting period(s) of data, represented as follows:

- 01 Jul 2016 - 30 Sep 2016

Project Description

This program is funded under both the Edward Byrne Memorial Competitive Grant Program (Byrne Competitive Program) and the Edward Byrne Memorial Justice Assistance Grant (JAG) Program. Authorized by the Consolidated Appropriations Act, 2009 (Pub. L. 111-8), the Byrne Competitive Program helps local communities improve the capacity of state and local justice systems and provides for national support efforts including training and technical assistance programs strategically targeted to address local needs. The JAG Program (42 U.S.C. 3751(a)) is the primary provider of federal criminal justice funding to state and local jurisdictions, and JAG funds support all components of the criminal justice system. The Smart Policing Initiative seeks to build upon the concepts of 'offender-based' and 'place-based' policing and broaden the knowledge of effective policing strategies. The most convincing research demonstrates that 'place-based' or 'hotspot' policing reduces violent crime and neighborhood disorder. This initiative address the need for effective policing that requires a tightly focused, collaborative approach that is measurable, based on sound, detailed analysis and includes policies and procedures for accountability. The Los Angeles Police Department's Real-time Analysis and Critical Response Division (RACR) will employ the principles of problem-oriented policing by scanning, analyzing, responding, and assessing the problem of gun violence in selected neighborhoods in Los Angeles. They will implement a RACR strategy to reduce crimes by improving the use of analytic tools to address crime. The goal is to improve neighborhood safety by using problem solving methods and new and innovative technology to increase efficiency of police officers and investigators. CA/NCF

Grantee

The grantee indicated the award had grant activity during the report period. Performance data can be found in the "Performance Measures" section. Narrative information for the award can be found in the "Grantee Comments" and "Goals and Objectives" sections.

Award Synopsis

The following table displays whether the grantee was operational, not operational, or closed out during the report period.

Reporting Period: 01 Jul 2016 - 30 Sep 2016

Operational	Not Operational	Closed Out
-------------	-----------------	------------

Grantee	Yes		No
---------	-----	--	----

Goals & Objectives

The following goals and objectives were entered by the grantee during the report period.

Direct Grantee: (Reporting Period: -)

#	Goal	Status	Progress & Barriers	Planned Activities
---	------	--------	---------------------	--------------------

Performance Measures

Performance measures data for the GMS report period are displayed below. Only sections with reported data are shown. "Cumulative Total" includes both quarters represented in this report and any other data reported on previous GMS reports since the start of the award.

Agency/Project Information

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
3. What was the start date (month/year) of your SPI program?		
• Month/Year	• 10/2009	• -
4. Please provide the primary point of contact (POC) for the research partner that your agency will be working with as part of its SPI program.		
A. Name	A. Craig Uchida	A. -
B. Research partner POC information	B. Research partner POC information	B. Research partner POC information
1. Telephone number	1. 240-687-3719	1. 0
2. E-mail	2. cduchida@jssinc.org	2. 0
3. Address	3. PO Box 6188, Silver Spring, MD 20916	3. 0

5. What is your law enforcement agency's jurisdiction(s)? This can be a city, town, county, parish, township, state, tribe, other politically defined area, or a number of politically defined areas.

• Jurisdiction(s) name:

• City of Los Angeles

• -

6. What is the jurisdiction's population that your law enforcement agency serves? For most jurisdictions, you can find population data by entering your jurisdiction's name at <http://factfinder2.census.gov>.

A. Population:

A. 3792621

A. -

7. How does your agency plan to sustain the SPI program accomplishments post-funding completion? Select all that apply.

A. Continue to invest in research partnerships

A. Continue to invest in research partnerships

A. 1

B. Continue to use data analysis to inform and improve strategic and tactical responses

B. Continue to use data analysis to inform and improve strategic and tactical responses

B. 1

C. Foster community partnerships through systematic public outreach

C. Foster community partnerships through systematic public outreach

C. 1

D. Systematically offer in-service training

D. Systematically offer in-service training

Personnel

Measure	01 Jul 2016 - 30 Sep 2016	Cumulative Total
8. How many current full-time sworn officers with general arrest powers does your agency have on staff as of the last day of the reporting period?		
A. Number of current full-time sworn officers with general arrest powers as of the last day of the reporting period B. Of those, the number who are assigned to or involved in the SPI program	A. 9,900 B. 2,000	A. 9,900 B. 2,000
9. During the reporting period, how many crime analyst positions were created/added using SPI program funds?		
A. Number of full-time crime analyst positions 1. Cumulative (since start of award) 2. This reporting period	A. Number of full-time crime analyst positions 1. 0 2. 0	A. Number of full-time crime analyst positions 1. - 2. 0
B. Number of part-time crime analyst positions 1. Cumulative (since start of award) 2. This reporting period	B. Number of part-time crime analyst positions 1. 0 2. 0	B. Number of part-time crime analyst positions 1. - 2. 0

--	--	--

10. During the reporting period, how many crime analysts were assigned to the SPI program (regardless of the origin of program funds)?

A. Number of full-time crime analyst positions assigned to SPI program	A. 10	A. 10
B. Number of part-time crime analyst positions assigned to SPI program	B. 4	B. 4

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
----------------	----------------------------------	-------------------------------

11. During the reporting period, were BJA SPI funds used to pay for overtime hours?

A. Yes	A. -	A. 0
B. No	B. No	B. 1
C. If Yes, enter number of overtime hours	C. -	C. -

Problem Identification and Understanding

Measure	Text Response(s)
12. What problem do you plan to address with your SPI program?	

(01 Jul 2016 - 30 Sep 2016)

The LAPD is addressing the problems of violent crime and gun-related crime

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals

Action Plan Development

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
17. What is the status of your SPI action plan during the reporting period?		
A. In development	A. -	A. 0
B. Has been submitted to BJA but not approved	B. -	B. 0
C. Plan has been approved by BJA	C. Plan has been approved by BJA	C. 1
18. Please select the development status of each of the following SPI action plan activities during the reporting period.		

Problem Response

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
19. Please describe your targeted response (including identified or implemented strategies) to address the problem focus of your SPI program (e.g., increasing community policing and foot patrol in specific violent crime blocks, hiring a coordinator to serve as a community advocate between law enforcement and immigrant communities to increase police legitimacy). This is what you listed in your action plan as your long-term strategic plan, and it will only be changed if you make significant changes to your response.		

A.	<p>A. LAPD has identified "hot spot corridors" and chronic offenders in eight Divisions. A laser-like targeted and focused approach is being used to address the problem. That is, rather than saturating an area with a large number of extra patrol officers or using a task force, the focus is placed on being in the right place at the right time. Officers on foot, bike, and in cars are given specific locations to work in and to prevent crime. Similarly, special units are given a certain number of chronic offender bulletins and asked to watch them, surveill them, and if necessary, make arrests for outstanding warrants, probation/parole violations, or for specific crimes.</p>	A. -
----	--	------

20. During the reporting period, did any information come to light that led to a change in the response strategies reported in the previous question?

A. Yes	A. -	A. 0
B. No	B. No	B. 1
C. If Yes, please explain	C. -	C. -

Data Analysis to Assist and Improve Response Activities

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
<p>22. Which of the following groups performed data analysis on the effectiveness, efficiency, or implementation fidelity of response activities during the reporting period?</p>

Response to Crime, Disorder, or Other Community Problems

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
26. Does your SPI program response focus on crime, disorder, or other community problems (e.g., mental health problems, community satisfaction, community engagement)?		
A. Yes	A. -	A. 0
B. No	B. No	B. 1
27. Please describe what activities were carried out during the reporting period (e.g., hot spot patrols were conducted in high-crime areas, an abandoned building was torn down in a target area, officers were trained on crisis intervention strategies):		
28. Which of the following crime prevention models/strategies, if any, did you use during the reporting period? Select all that apply.		
29. Which of the following models or strategies, if any, did you use during the reporting period? Select all that apply.		

Technology Demonstration

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
30. Are you implementing or testing a new technology as part of your SPI program during the reporting period?		
A. Yes	A. Yes	A. 1
B. No	B. -	B. 0

Measure	Text Response(s)
31. Please explain the type of technology that your SPI program is implementing or testing (e.g., body-worn cameras [BWCs], data analysis software/hardware, ShotSpotter).	
	<p>(01 Jul 2016 - 30 Sep 2016)</p> <p>LAPD and the research partner are testing the use of automated vehicle locators (AVL) as a measure of dosage in the four Divisions that are implementing SPI.</p>

Body Worn Cameras

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
32. Did you use SPI funding to implement or test BWCs during the reporting period?		
A. Yes	A. -	A. 0
B. No	B. No	B. 1
Measure	01 Jul 2016 - 30 Sep 2016	Cumulative Total
33. Please enter the total number of sworn positions eligible for BWCs in your agency/coalition.		
34. Please enter the number of sworn positions that have received BWCs:		
35. Please enter the total number of BWCs proposed to be purchased as part of the SPI grant funding.		

36. Please enter the number of BWCs purchased through the SPI grant funding.

Program Progress

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
37. Do you track your SPI program's progress or impact using specific quantitative measures?		
<p>A. Yes</p> <p>B. No</p> <p>C. If no, please explain:</p>	<p>A. Yes</p> <p>B. -</p> <p>C. -</p>	<p>A. 1</p> <p>B. 0</p> <p>C. -</p>
Measure	01 Jul 2016 - 30 Sep 2016	Cumulative Total
38. Please describe the target area where your program's progress or impact is being measured.		
A.	A. The target areas are hot spot corridors or LASER Zones that have been identified by using violent crime and gun-related crime data over the last ten years. Each of the Divisions has three to five LASER Zones, depending upon the data.	
39. Please list the quantitative measures you are tracking to evaluate your program's progress or impact.		

A.	A. Within the areas LAPD and the research partner are measuring dosage (amount of time in the zones by patrol officers) and crime (violent and gun-related) on a weekly basis. These data are used in Compstat meetings and 'crime control meetings' within each Division.	
Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
40. Since the beginning of your program, has it demonstrated a measurable impact on the problem of focus?		
<p>A. Yes, positive impact</p> <p>B. Yes, negative impact</p> <p>C. No measurable impact</p> <p>D. Not yet been measured</p> <p>E. If Yes, please explain</p>	<p>A. Yes, positive impact</p> <p>B. -</p> <p>C. -</p> <p>D. -</p> <p>E. In 2015 we began to see an uptick in violent and gun-related crime in the city of Los Angeles. We conducted analyses to determine the drivers behind the increase. We found that 50% of our homicides and 40% of our violent crime were being generated in four divisions – 77th Street, Newton, Southeast, and Southwest. Thus, we focused enforcement and crime prevention in these</p>	<p>A. 1</p> <p>B. 0</p> <p>C. 0</p> <p>D. 0</p> <p>E. -</p>

areas. In 2016 we emphasized the use of LASER in these areas and saw that homicides and gun-related crimes began to decrease, thus showing a positive impact of our methods.

Organizational Integration and Project Sustainability

Measure	01 Jul 2016 - 30 Sep 2016	Option Response Totals
41. Has there been a change in your SPI research partner or a significant change in the research partner team members during the reporting period?		
A. Yes B. No C. If Yes, please explain and update your research partner POC information, if applicable, in question 4	A. - B. No C. -	A. 0 B. 1 C. -
42. Has there been a change in agency or project leadership during the reporting period?		
A. Yes B. No C. If Yes, please explain	A. - B. No C. -	A. 0 B. 1 C. -

43. Has your agency adopted any policies or procedures as a result of the SPI program?

A. Yes

BJA BUREAU OF JUSTICE ASSISTANCE

GMS Report Smart Policing Initiative (SPI) 2009-DG-BX-0118 Report Period: 01 Jan 2016 - 30 Jun 2016

The following report covers grantee reported activity for grant number 2009-DG-BX-0118 awarded to City of Los Angeles for the period 01 Oct 2009 - 30 Jun 2016. The award, in the amount of \$899,959.00, was issued as part of the BJA FY 14 Sol - LE solicitation. Any funds reported only represent an estimate of dollars allocated or used for activities covered by this award.

This report covers 2 reporting period(s) of data, represented as follows:

- 01 Jan 2016 - 31 Mar 2016
- 01 Apr 2016 - 30 Jun 2016

Project Description

The Smart Policing Initiative seeks to build upon the concepts of offender-based and place-based policing and broaden the knowledge of effective policing strategies. The most convincing research demonstrates that place-based or hotspot policing reduces violent crime and neighborhood disorder. This initiative addresses the need for effective policing that requires a tightly focused, collaborative approach that is measurable, based on sound, detailed analysis and includes policies and procedures for accountability. This grant program seeks to build upon data-driven, evidence-based policing by encouraging state and local law enforcement agencies to develop effective, economical, and innovative responses to precipitous or extraordinary increases in crime, or in a type or types of crime within their jurisdictions. The Los Angeles Police Department (LAPD) will utilize Smart Policing Initiative grant funds, in partnership with a research partner, to expand and institutionalize Operation LASER (Los Angeles Strategic Extraction and Restoration program). LASER was created through LAPD's first SPI award. LASER focuses on chronic hot spot locations and chronic offenders. Operation LASER will be expanded to include nine LAPD divisions. The primary goal of LASER is to reduce violent crime and property crime in specific locations and among specific chronic offenders. Each division participating in LASER will complete the following: 1) Create a Crime Intelligence Detail to collect, analyze, and use data routinely for strategic and tactical purposes; 2) Focus on chronic offenders and chronic locations; 3) Direct patrol officers and special units to work in specific areas every week to prevent and deter crime and criminal behavior; 4) Use technology to assist officers and detectives in identifying chronic offenders, finding license plates and vehicles, and in creating Chronic Offender Bulletins; and 5) Work with the research partner on evaluating the project. The Research Partner will work with the LAPD by evaluating the strategies and tactics utilized in the field in the existing and expanded LAPD divisions. NCA/NCF

Grantee

The grantee indicated the award had grant activity during the report period. Performance data can be found in the "Performance Measures" section. Narrative information for the award can be found in the "Grantee Comments" and "Goals and Objectives" sections.

Award Synopsis

The following table displays whether the grantee was operational, not operational, or closed out during the report period.

Reporting Period: 01 Jan 2016 - 31 Mar 2016

	Operational	Not Operational	Closed Out
Grantee	Yes		No

Reporting Period: 01 Apr 2016 - 30 Jun 2016

	Operational	Not Operational	Closed Out
Grantee	Yes		No

Goals & Objectives

The following goals and objectives were entered by the grantee during the report period.

Direct Grantee: (Reporting Period: 01 Apr 2016 - 30 Jun 2016)

#	Goal	Status	Progress & Barriers	Planned Activities
1	Goal 1. Reduce violent crime in specific areas using data-driven strategies (LASER - Los Angeles Strategic Extraction and Restoration Program).	In progress	Violent crime and gun-related crime increased in Los Angeles in 2015 and 2016. As a result, more emphasis was placed on the LASER Zones. Additional resources in the form of analysts, investigators, and officers were deployed to assist in the effort during the period of March 20 through June 30, 2016. The LAPD established the Community Safety Operations Center (CSOC) which centralized the command over the four divisions where violent crime was increasing. A commander, investigators, officers, and analysts work closely with the division captains, investigators, and analysts to coordinate enforcement and analysis. Daily telephone conference calls increase the communication across the divisions and aid in identifying spikes in violence, gang retaliations, and other issues. As a result, the upward arc of violent crime was halted and stabilized. For example, homicides and shootings were increasing at a rate of about 15% during the first four months of 2016. By focusing on the most violent areas (LASER Zones) the LAPD was able to lessen the arc and in fact, homicides are now following the same trends as the previous two years instead of going up. Shootings have decreased as well.	Similar activities are planned as noted above. CSOC will continue to operate at a central location as it has proven to reduce and stabilize violent crime.
2	Goal 2. Increase the use of analytics for strategic and tactical purposes.	In progress	To increase the use of analytics, Crime Intelligence Details (CIDs) are created within each division that is using LASER. Four new divisions were added to the LASER program -- Harbor, Hollenbeck, Northeast, and Rampart. In each division personnel were trained in using hot spot analyses and in identifying chronic offenders. Each analyst reports on dosage of the interventions on a weekly basis.	Similar activities are planned for the CID.

Option	Text Response(s)
<p>Did you receive or do you desire any assistance from BJA or a BJA-funded technical assistance provider? A list of technical assistance providers can be found at https://www.bjatrain.org/. Check all that apply.</p>	
<p>A. Yes, we received assistance</p> <p>B. Yes, we would like assistance or additional assistance</p> <p>C. No</p>	<p>A. Yes, we received assistance</p>
<p>If yes to A or B above, please explain:</p>	
<p>D. If Yes, please explain</p>	<p>D. We requested training and technical assistance on Social Network Analysis. On July 12, Professor Andrew Fox and Major Joe McHale provided TTA to the department. Previously, TTA was requested on GIS and was planned for March but was postponed until the fall.</p>
<p>BJA likes to showcase grantees who are working on successful, innovative and/or evidence-based programs. Do you have any noteworthy accomplishments, success stories, or program results from this reporting period that you would like to showcase?</p>	
<p>A. Yes</p> <p>B. No</p>	<p>B. No</p>

Performance Measures

Performance measures data for the GMS report period are displayed below. Only sections with reported data are shown. "Cumulative Total" includes both quarters represented in this report and any other data reported on previous GMS reports since the start of the award.

Agency/Project Information

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
<p>3. What was the start date (month/year) of your SPI program?</p>

Action Plan Development

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
17. What is the status of your SPI action plan during the reporting period?			
A. In development	A. -	A. -	A. 0
B. Has been submitted to BJA but not approved	B. -	B. -	B. 0
C. Plan has been approved by BJA	C. Plan has been approved by BJA	C. Plan has been approved by BJA	C. 2
18. Please select the development status of each of the following SPI action plan activities during the reporting period.			

Problem Response

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
19. Has your agency identified strategies aimed at addressing the underlying causes of the problem identified by your SPI program?			
A. Yes	A. Yes	A. Yes	A. 2
B. No	B. -	B. -	B. 0
20. Please describe your targeted response (including identified or implemented strategies) to address the problem focus of your SPI program (e.g., increasing community policing and foot patrol in specific violent crime blocks, hiring a coordinator to serve as a community advocate between law enforcement and immigrant communities to increase police legitimacy). This is what you listed in your action plan as your long-term strategic plan, and it will only be changed if you make significant changes to			
A. your response.	A. LAPD has identified "hot spot corridors" and chron	A. LAPD has identified "hot spot corridors" and chron	A. -
21. During the reporting period, did any information come to light that led to a change in the response strategies reported in the previous question?			
A. Yes	A. -	A. -	A. 0
B. No	B. No	B. No	B. 2
C. If Yes, please explain	C. -	C. -	C. -
22. Did your SPI program implement any strategies during the reporting period?			
A. Yes	A. Yes	A. Yes	A. 2
B. No	B. -	B. -	B. 0

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
23. Which of the following groups performed data analysis for the SPI program during the reporting period?			
A. Sworn employees of the police agency	A. Sworn employees of the police agency	A. Sworn employees of the police agency	A. 4
B. Civilian employees of the police agency	B. Civilian employees of the police agency	B. Civilian employees of the police agency	B. 4

Response to Crime, Disorder, or Other Community Problems

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
27. Does your SPI program response focus on crime, disorder, or other community problems (e.g., mental health problems, community satisfaction, community engagement)?			
A. Yes	A. Yes	A. -	A. 1
B. No	B. -	B. No	B. 1
28. Please describe what activities were carried out during the reporting period (e.g., hot spot patrols were conducted in high-crime areas, an abandoned building was torn down in a target area, officers were trained on crisis intervention strategies):			
A.	A. In the four original LASER divisions Captains assigned officers to work in chronic locations	A. -	A. -
29. During the reporting period, did the strategies implemented focus efforts around crime prevention, development, or awareness models/strategies?			
A. Yes	A. Yes analysts created new chronic offender bulletins, and arrests, field interviews, and other police activities were undertaken. Four additional divisions were included in LASER -	A. -	A. 1
B. No	B. Hollenbeck, Rampart,	B. -	B. 0

Northeast, and Harbor.
Trainings were held in

30. Which of the following models/strategies did you use during the reporting period? Please select all that apply. Each Division, Captains were given briefings, and command staff were informed of the plan.

A. Situational crime prevention and crime prevention through environmental design strategies—approaches that change the perceived opportunities for a crime, such as reducing the offender to believe the crime is more difficult or risky; for example, access control to parking lots or provide improved lighting to increase personal safety; for example, a rape aggression defense class.	A. -	A. -	A. 0
B. Youth development programs that promote positive behavior and decrease negative behavior, for example, mentoring programs, after-school programs, or community-based programs.	B. -	B. -	B. 0
C. Crime awareness for offenders aimed at increasing their awareness of a crime problem, including solutions to prevent crime, for example, a neighborhood safety program, or sex offender registry.	C. -	C. -	C. 0
D. Community building programs that promote community cohesion, including public safety partnerships between the community and elements of the criminal justice system; for example, a rape aggression defense class.	D. -	D. -	D. 0
E. Other	E. -	E. -	E. 0
F. Other	F. Other	F. -	F. 1

31. During the reporting period, did the strategies implemented focus efforts around any of the following models? Select all that apply.

A. Community-oriented approach (community policing)	A. -	A. -	A. 0
B. Geographic focus (hot spots policing)	B. Geographic focus (hot spots policing)	B. -	B. 1
C. High-rate offender focus (focused deterrence)	C. High-rate offender focus (focused deterrence)	C. -	C. 1

I. Other	I. -	I. -	I. 0

Technology Demonstration

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
32. Are you implementing or testing a new technology as part of your SPI program during the reporting period?			
A. Yes	A. Yes	A. Yes	A. 2
B. No	B. -	B. -	B. 0
Measure	Text Response(s)		
33. Please explain the type of technology that your SPI program is implementing or testing (e.g., body-worn cameras [BWCs], data analysis software/hardware, ShotSpotter).			
	<p>(01 Jan 2016 - 31 Mar 2016)</p> <p>LAPD and the research partner are testing the use of automated vehicle locators (AVL) as a measure of dosage in the four Divisions that are implementing SPI.</p> <p>(01 Apr 2016 - 30 Jun 2016)</p> <p>LAPD and the research partner are testing the use of automated vehicle locators (AVL) as a measure of dosage in the four Divisions that are implementing SPI.</p>		

Body Worn Cameras

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
34. Did you use SPI funding to implement or test BWCs during the reporting period?			

A. Yes	A. -	A. -	A. 0
B. No	B. No	B. No	B. 2
Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Cumulative Total
35. Please enter the total number of sworn positions eligible for BWCs in your agency/coalition.			
36. Please enter the number of sworn positions that have received BWCs:			
37. Please enter the total number of BWCs proposed to be purchased as part of the SPI grant funding.			
38. Please enter the number of BWCs purchased through the SPI grant funding.			

Program Progress

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
39. Do you track your SPI program's progress or impact using specific quantitative measures?			
A. Yes	A. Yes	A. Yes	A. 2
B. No	B. -	B. -	B. 0
C. If no, please explain:	C. -	C. -	C. -
D. If Yes, please describe the target area(s) and specific population(s)	D. The target areas are hot spot corridors or LASER Zones that have been	D. The target areas are hot spot corridors or LASER Zones that have been	D. -

E. If Yes, please list the measures that you are tracking	E. Within the areas, LAPD and the research partner are measuring dosage (amount of time in the zones by patrol officers) and crime (violent and gun-related) on a weekly basis. These data are used in Compstat meetings and 'crime control meetings' within each Division.	E. Within the areas, LAPD and the research partner are measuring dosage (amount of time in the zones by patrol officers) and crime (violent and gun-related) on a weekly basis. These data are used in Compstat meetings and 'crime control meetings' within each Division.	E. -
40. Since the beginning of your program, have you identified a measurable problem of focus? When answering this question, please consider your zones, personnel and/or implementation of strategies based on analysis findings to this point. Please consult with the research partner when answering this question.			
A. Yes, positive impact	A. Yes, positive impact	A. Yes, positive impact	A. 2
B. Yes, negative impact	B. -	B. -	B. 0
C. No measurable impact	C. -	C. -	C. 0
D. Not yet been measured	D. -	D. -	D. 0
E. If Yes, please explain	E. In Newton Division in 2012, LASER showed a decrease in crime. In subsequent years, violent crime has fluctuated, but the overall impact has been	E. Focusing on the targeted areas and targeted individual has led to a decrease in violent crime in specific LASER Zones.	E. -

Organizational Integration and Project Sustainability

Measure	Reporting Period: Jan - Mar 2016	Reporting Period: Apr - Jun 2016	Option Response Totals
41. Has there been a change in your SPI research partner or a significant change in the research partner team members during the reporting period?			
A. Yes	A. -	A. -	A. 0
B. No	B. No	B. No	B. 2
C. If Yes, please explain and update your research partner POC information, if applicable, in question 4	C. -	C. -	C. -

BJA BUREAU OF JUSTICE ASSISTANCE

GMS Report Smart Policing Initiative (SPI) 2009-DG-BX-0118 Report Period: 01 Jan 2016 - 31 Mar 2016

The following report covers grantee reported activity for grant number 2009-DG-BX-0118 awarded to City of Los Angeles for the period 01 Oct 2009 - 31 Mar 2016. The award, in the amount of \$899,959.00, was issued as part of the BJA FY 14 Sol - LE solicitation. Any funds reported only represent an estimate of dollars allocated or used for activities covered by this award.

This report covers 1 reporting period(s) of data, represented as follows:

- 01 Jan 2016 - 31 Mar 2016

Project Description

The Smart Policing Initiative seeks to build upon the concepts of offender-based and place-based policing and broaden the knowledge of effective policing strategies. The most convincing research demonstrates that place-based or hotspot policing reduces violent crime and neighborhood disorder. This initiative addresses the need for effective policing that requires a tightly focused, collaborative approach that is measurable, based on sound, detailed analysis and includes policies and procedures for accountability. This grant program seeks to build upon data-driven, evidence-based policing by encouraging state and local law enforcement agencies to develop effective, economical, and innovative responses to precipitous or extraordinary increases in crime, or in a type or types of crime within their jurisdictions. The Los Angeles Police Department (LAPD) will utilize Smart Policing Initiative grant funds, in partnership with a research partner, to expand and institutionalize Operation LASER (Los Angeles Strategic Extraction and Restoration program). LASER was created through LAPD's first SPI award. LASER focuses on chronic hot spot locations and chronic offenders. Operation LASER will be expanded to include nine LAPD divisions. The primary goal of LASER is to reduce violent crime and property crime in specific locations and among specific chronic offenders. Each division participating in LASER will complete the following: 1) Create a Crime Intelligence Detail to collect, analyze, and use data routinely for strategic and tactical purposes; 2) Focus on chronic offenders and chronic locations; 3) Direct patrol officers and special units to work in specific areas every week to prevent and deter crime and criminal behavior; 4) Use technology to assist officers and detectives in identifying chronic offenders, finding license plates and vehicles, and in creating Chronic Offender Bulletins; and 5) Work with the research partner on evaluating the project. The Research Partner will work with the LAPD by evaluating the strategies and tactics utilized in the field in the existing and expanded LAPD divisions. NCA/NCF

Grantee

The grantee indicated the award had grant activity during the report period. Performance data can be found in the "Performance Measures" section. Narrative information for the award can be found in the "Grantee Comments" and "Goals and Objectives" sections.

Award Synopsis

The following table displays whether the grantee was operational, not operational, or closed out during the report period.

Reporting Period: 01 Jan 2016 - 31 Mar 2016

	Operational	Not Operational	Closed Out
Grantee	Yes		No

Goals & Objectives

The following goals and objectives were entered by the grantee during the report period.

Direct Grantee: (Reporting Period: -)

#	Goal	Status	Progress & Barriers	Planned Activities
---	------	--------	---------------------	--------------------

Performance Measures

Performance measures data for the GMS report period are displayed below. Only sections with reported data are shown. "Cumulative Total" includes both quarters represented in this report and any other data reported on previous GMS reports since the start of the award.

Action Plan Development

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
17. What is the status of your SPI action plan during the reporting period?		
A. In development	A. -	A. 0

B. Has been submitted to BJA but not approved	B. -	B. 0
C. Plan has been approved by BJA	C. Plan has been approved by BJA	C. 1

18. Please select the development status of each of the following SPI action plan activities during the reporting period.

Problem Response

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
19. Has your agency identified strategies aimed at addressing the underlying causes of the problem identified by your SPI program?		
A. Yes	A. Yes	A. 1
B. No	B. -	B. 0
20. Please describe your targeted response (including identified or implemented strategies) to address the problem focus of your SPI program (e.g., increasing community policing and foot patrol in specific violent crime blocks, hiring a coordinator to serve as a community advocate between law enforcement and immigrant communities to increase police legitimacy). This is what you listed in your action plan as your long-term strategic plan, and it will only be changed if you make significant changes to your response.		
A.	A. LAPD has identified "hot spot corridors" and chron	A. -
21. During the reporting period, did any information come to light that led to a change in the response strategies reported in the previous question?		
A. Yes	A. -	A. 0

B. No	B. No	B. 1
C. If Yes, please explain	C. -	C. -
22. Did your SPI program implement any strategies during the reporting period?		
A. Yes	A. Yes	A. 1
B. No	B. -	B. 0

Data Analysis to Assist and Improve Response Activities

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
23. Which of the following groups performed data analysis for the SPI program during the reporting period?		
A. Sworn employees of the police agency	A. Sworn employees of the police agency	A. 2
B. Civilian employees of the police agency	B. Civilian employees of the police agency	B. 2
C. Research partner	C. Research partner	C. 2
D. Outside contractor	D. -	D. 1
E. Data was not analyzed this reporting period	E. -	E. 0
F. Other	F. -	F. 0

24. Which of the following data sources did you use to inform your SPI project during the reporting period? Select all that apply.

A. Official police call, crime, and arrest data (calls for service, officer-initiated calls for service, crime incident reports, or arrest reports)	A. Official police call, crime, and arrest data (calls for service, officer-initiated calls for service, crime incident reports, or arrest reports)	A. 1
B. Internal agency pre-existing data tracking (use of force reports, citizen complaints)	B. Internal agency pre-existing data tracking (use of force reports, citizen complaints)	B. 1
C. Community data (e.g., foreclosures, health and human services data, school data, or other community data)	C. -	C. 0
D. Corrections data (e.g., probation and parole data)	D. Corrections data (e.g., probation and parole data)	D. 1
E. Prosecution data (e.g., pretrial data)	E. -	E. 0
F. Court data (e.g., case outcomes, convictions, sentences)	F. -	F. 0
G. Offender risk assessments	G. Offender risk assessments	G. 1
H. Focus group data (e.g., focus groups of community members, officers, or victims)	H. -	H. 0
I. Survey data (e.g., surveys of community members, officers, offenders, or victims)	I. Survey data (e.g., surveys of community members, officers, offenders, or victims)	I. 1
J. Systematic observations of places by trained observers (e.g., physical disorder)	J. -	J. 0
K. Intelligence from confidential or other informants	K. -	K. 0
L. Other	L. -	L. 0

25. Please indicate whether you used analysis to inform the following SPI program response activities during the reporting period.

Response to Crime, Disorder, or Other Community Problems

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
27. Does your SPI program response focus on crime, disorder, or other community problems (e.g., mental health problems, community satisfaction, community engagement)?		
A. Yes	A. Yes	A. 1
B. No	B. -	B. 0
28. Please describe what activities were carried out during the reporting period (e.g., hot spot patrols were conducted in high-crime areas, an abandoned building was torn down in a target area, officers were trained on crisis intervention strategies):		
A.	A. In the four original LASER divisions Captains assigned officers to work in chronic locations, analysts created new chronic offender bulletins and	A. -
29. During the reporting period, did the strategies implemented focus efforts around crime prevention, development, or awareness models/strategies?		
A. Yes	A. Yes arrests, field interviews, and other police activities were undertaken. Four additional divisions were included in LASER - Hollenbeck, Rampart, Northeast, and Harbor. Trainings were held in each	A. 1
B. No	B. Division, Captains were given briefings, and command staff were informed of the plan.	B. 0
30. Which of the following models/strategies did you use during the reporting period? Please select all that apply.		

A. Situational crime prevention and crime prevention through environmental design strategies—approaches that change the perceived opportunities for a crime, such as leading the offender to believe the crime is more difficult or risky; for example, crime awareness programs aimed at increasing the awareness of a crime problem, including solutions to prevent crime, for example, a “lock it or lose it” program.	A. -	A. 0
B. Youth development—programs that promote positive behavior and decrease negative behavior in youth; for example, access control programs aimed at increasing the parking lots or improved lighting on a walkway.	B. -	B. 0
C. Crime awareness programs aimed at increasing the awareness of a crime problem, including solutions to prevent crime, for example, a “lock it or lose it” program.	C. -	C. 0
D. Increase personal safety—programs that provide instruction on increasing personal safety; for example, a rape aggression defense class.	D. -	D. 0
E. Community building—programs that promote community cohesion, including public safety partnerships between the community and elements of the criminal justice system; for example, National Night Out™.	E. -	E. 0
F. Other	F. Other	F. 1

31. During the reporting period, did the strategies implemented focus efforts around any of the following models? Select all that apply.

A. Community-oriented approach (community policing)	A. -	A. 0
B. Geographic focus (hot spots policing)	B. Geographic focus (hot spots policing)	B. 1
C. High-rate offender focus (focused deterrence)	C. High-rate offender focus (focused deterrence)	C. 1
D. High-rate group/gang focus (pulling levers)	D. High-rate group/gang focus (pulling levers)	D. 1
E. Intelligence-led policing (decision-making based on information and analysis)	E. Intelligence-led policing (decision-making based on information and analysis)	E. 1
F. Problem-solving approach	F. Problem-solving approach	F. 1

(problem-oriented policing such as the Scanning, Analysis, Response and Evaluation Procedural justice (ensuring people feel law enforcement is fair and just) G. (SARA) model)	(problem-oriented policing such as the Scanning, Analysis, Response and Evaluation G. (SARA) model)	G. 0
H. Restorative justice	H. -	H. 0
I. Other	I. -	I. 0

Technology Demonstration

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
32. Are you implementing or testing a new technology as part of your SPI program during the reporting period?		
A. Yes	A. Yes	A. 1
B. No	B. -	B. 0
Measure	Text Response(s)	
33. Please explain the type of technology that your SPI program is implementing or testing (e.g., body-worn cameras [BWCs], data analysis software/hardware, ShotSpotter).		
	(01 Jan 2016 - 31 Mar 2016) LAPD and the research partner are testing the use of automated vehicle locators (AVL) as a measure of dosage in the four Divisions that are implementing SPI.	

Body Worn Cameras

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
---------	-------------------------------------	------------------------

34. Did you use SPI funding to implement or test BWCs during the reporting period?

A. Yes

A. -

A. 0

B. No

B. No

B. 1

Measure	Reporting Period: Jan - Mar 2016	Cumulative Total
---------	-------------------------------------	------------------

35. Please enter the total number of sworn positions eligible for BWCs in your agency/coalition.

36. Please enter the number of sworn positions that have received BWCs:

37. Please enter the total number of BWCs proposed to be purchased as part of the SPI grant funding.

38. Please enter the number of BWCs purchased through the SPI grant funding.

Program Progress

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
---------	-------------------------------------	------------------------

39. Do you track your SPI program's progress or impact using specific quantitative measures?

A. Yes

A. Yes

A. 1

B. No

B. -

B. 0

C. If no, please explain:	C. -	C. -
D. If Yes, please describe the target area(s) and specific population(s)	D. The target areas are hot spot corridors or LASER Zones that have been identified by using violent crime and gun-related crime data over the last ten years. Each of the Divisions has three to five LASER Zones, depending upon the data.	D. -
E. If Yes, please list the measures that you are tracking	E. Within the areas, LAPD and the research partner are measuring dosage (amount of time in the zones by patrol officers) and crime (violent and gun-related) on a weekly basis. These data are used in Comstat meetings and 'crime control meetings' within each Division.	E. -
40. Since the beginning of your program, has it demonstrated a measurable impact on the problem of focus? When answering this question, please consider your comparison areas and/or implementation design and analysis findings to this point. Please consult with the research partner when answering this question.		
A. Yes, positive impact	A. Yes, positive impact	A. 1
B. Yes, negative impact	B. -	B. 0
C. No measurable impact	C. -	C. 0
D. Not yet been measured	D. -	D. 0
E. If Yes, please explain	E. In Newton Division in 2012, LASER showed a decrease in crime. In subsequent years, violent crime has fluctuated, but the overall impact has been positive.	E. -

Organizational Integration and Project Sustainability

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
41. Has there been a change in your SPI research partner or a significant change in the research partner team members during the reporting period?		
A. Yes	A. -	A. 0

B. No	B. No	B. 1
C. If Yes, please explain and update your research partner POC information, if applicable, in question 4	C. -	C. -
42. Has there been a change in agency or project leadership during the reporting period?		
A. Yes	A. -	A. 0
B. No	B. No	B. 1
C. If Yes, please explain	C. -	C. -
43. Has your agency adopted any policies or procedures as a result of the SPI program?		
A. Yes	A. -	A. 0
B. No	B. No	B. 1
44. Since the start of the SPI program, please identify the policies or procedures adopted by your agency as a result of the SPI program. Select all that apply.		
45. During the reporting period, did any of the following occur? Select all that apply.		
A. Discussion of SPI in command staff, COMPSTAT, or other leadership meetings	A. Discussion of SPI in command staff, COMPSTAT, or other leadership meetings	A. 1
B. Discussion of SPI in roll call	B. Discussion of SPI in roll call	B. 1

C. Discussion of SPI in district meetings	C. -	C. 0
D. SPI-specific training for recruits	D. -	D. 0
E. SPI-specific in-service training	E. SPI-specific in-service training	E. 1
F. SPI knowledge requirement for advancement tests/boards	F. -	F. 0
G. Other	G. -	G. 0

46. During the reporting period, has your agency implemented any of the following activities around advancing knowledge to the field regarding your SPI strategy? Select all that apply.

A. No activities have been conducted during the reporting period	A. -	A. 0
B. Presented about the SPI strategy at a conference	B. Presented about the SPI strategy at a conference	B. 1
C. Disseminated publications to the field about the SPI strategy	C. -	C. 0
D. Developed fliers to inform the public about the SPI strategy	D. -	D. 0
E. Other	E. -	E. 0

Community Outreach

Reporting Period:

Measure	Jan - Mar 2016	Option Response Totals
47. How often was your agency involved in the following community activities as part of your SPI program during the reporting period?		
A. Hosted community meetings	A. Not Applicable	A. 1
B. Attended community meetings, advisory boards, or roundtables	B. Not Applicable	B. 1
C. Distributed a newsletter, email, or other bulletin	C. Not Applicable	C. 1
D. Attended community events (e.g., national night out, block parties, festivals)	D. Not Applicable	D. 1
E. Conducted social media activities (e.g., Facebook, Twitter)	E. Not Applicable	E. 1
F. Conducted outreach to minority populations (e.g., racial, ethnic, religious, LGBTQI)	F. Not Applicable	F. 1
G. Other	G. Not Applicable	G. 1
H. If other please explain	H. -	H. -

Working Group and Partnerships

Measure	Reporting Period: Jan - Mar 2016	Option Response Totals
48. Did your initiative have a working group to help guide the SPI program during the reporting period?		
A. Yes	A. Yes	A. 1

B. No	B. -	B. 0
49. How often did your working group hold organized meetings during the reporting period? Select the response that best fits.		
A. We did not meet this quarter	A. -	A. 0
B. Daily	B. -	B. 0
C. Weekly/Biweekly	C. -	C. 0
D. Monthly	D. Monthly	D. 1
E. Quarterly	E. -	E. 0
